

GoSWOSU – Multifactor Authentication

1. Log into the GoSWOSU account:

2. An “Additional security verification” box will appear.
Select the verification option of your choice.

- a. **Use Security Questions** – Answer two security questions.
- b. **Send me an Email** – A code will be sent to the personal email address listed in the Account Recovery Settings.
- c. **Send me a Text Message** – A code will be sent to the cell phone listed in the Account Recovery Settings.

Additional security verification

This is an extra layer of security to ensure that only you can access your account

Select a verification option

Q	Use Security Questions	>
E	Send me an Email	>
T	Send me a Text Message	>

3. You will be directed to the SSO “My Apps” page as you are accustomed to seeing.

Note: Multifactor Authentication is setup through account recovery options. You can setup your options in Account Recovery Settings i.e. (Security Questions, Email Recovery, Phone Recovery) by following the instructions below:

1. Log into your GoSWOSU account.
2. Click on the drop arrow next to your name in the upper right corner.
3. Select “MyAccount”
4. Re-Enter your password.
5. You will be taken to the “Account Recovery Settings” screen.
Click on each individual tab and verify the information for each account recovery option.
