DEPARTMENTAL MISSION AND GOALS

The mission of the Department of Biological Sciences is to provide educational opportunities in biological science that meet the needs of students and citizens of Oklahoma and surrounding states; to support faculty and student research in the biological sciences; and to contribute to the educational, economic, and cultural environment of the university, the community, and the region.

The Department of Biological Sciences accomplishes its mission and that of the university through the following:

- Ensuring quality education by recruiting the most qualified faculty without regard to national origin, race, gender, disability, age, or religion, who are committed to undergraduate teaching, involving undergraduates in research, and providing service to the university and the region.
- Providing courses of study that establish a foundation for life-long learning in biological science and that prepare graduates to successfully pursue professional and graduate education, to become effective teachers, and to begin fulfilling careers in biology and related fields.
- Establishing an environment of academic freedom, intellectual inquiry, and governance that encourages collaborative interactions among faculty and students and that values analytical and critical thinking, diversity of ideas, effective communication, innovation, and intellectual honesty.
- Extending learning opportunities outside of the classroom through field experiences, student research, regional and national professional meeting attendance and participation, service-learning experiences, and seminar series featuring local and invited speakers.
- Supporting faculty and student research with internal and extramural funding, dedicated space, equipment, and time and recognizing the scholarly achievements of faculty and students.

- Maintaining a curriculum that meets the constantly changing needs of modern biology through ongoing assessment by faculty, students, alumni, and external review.

PROGRAMS OF STUDY

- Majors:**
- B.S. Biological Sciences
 - Biomedical Sciences Option
 - Environmental & Organismal Science Option
 - B.S. Microbiology
 - Medical Laboratory Science Option (3+1)
 - B.S. Medical Lab. Science Option (Dual Degree)
 - B.S.Ed. Natural Science Education (Biology)
(Listed in Dept. of Education)
- Minor:** Biological Sciences
- Pre-Professional:***
- Communication Sciences & Disorders
 - Dentistry and Dental Hygiene
 - Medical Imaging & Radiation Sciences
 - Medicine/Osteopathic Medicine
 - Nutritional Sciences/Clinical Dietetics
 - Optometry
 - Physical and Occupational Therapy
 - Physician Associate/Assistant
 - Veterinary Medicine
- Master:**
- M.Ed. Natural Sciences
 - M.Ed. Biomedical Sciences and Microbiology
(See Graduate Catalog for more information.)

* Students pursuing professional degrees should schedule an appointment with a pre-professional advisor during their first semester on campus to identify requirements specific to their particular program.

GENERAL INFORMATION

The course offerings in the Department of Biological Sciences span the sub-disciplines within the life sciences. Students may choose to pursue a generalized degree in biological sciences, focus their program in one of three program options, pursue professional programs in medical laboratory sciences and education, or pursue a course of study that prepares students for admission to professional programs in health and medical sciences. This

diversity prepares students for professional schools as well as a variety of options for graduate study and careers in professional biology.

SPECIAL OPPORTUNITIES

SWOSU is an affiliate member of the Gulf Coast Research Laboratory, a Mississippi State Institute of Higher Learning. Coursework in marine biology completed at this facility may be applied toward degree requirements in the biological sciences major. Classes are offered during two six-week summer sessions at the marine laboratory at Ocean Springs, Mississippi. Students may also enroll in courses at other field stations and request that credit earned apply to their degree programs.

Students are encouraged to pursue opportunities for research by contacting individual faculty members or applying for numerous off-campus summer research experiences and internships. Students may receive independent study course credit for participation in approved research projects. Paid positions as research and teaching assistants and departmental tutors are available for qualified students. Speak to your advisor or one of your instructors about opportunities for research in Biological Sciences.

STUDENT ORGANIZATIONS

Membership in the Biology Club can further enhance the training received by biology majors. This student organization, established in 1930 and open to all students, assists the department in such areas as display preparation, arrangement for seminar speakers and scheduling of tours of research laboratories and wildlife refuges. Multi-disciplinary organizations such as the Medical Professions Club and the Pre-veterinary Medicine Club provide additional opportunities to serve and experience the opportunities a Biological Sciences degree can provide.

Beta Beta Beta, a national biological science honor fraternity, recognizes the achievements of outstanding biology students. Students have the opportunity to present their research with posters and oral presentations and compete for regional and national recognition for research excellence.

GENERAL INFORMATION

(Programs and Advisors)

New students are assigned to the biological sciences faculty advisor with whom they consulted during initial enrollment. Students should select an advisor from one of the biological sciences degrees and options no later than the last semester of their sophomore year (transfer students entering after their sophomore year should select an advisor before enrolling for their second semester.)

B.S. Biological Sciences

Any biological science faculty member

B.S. Biological Sciences, Biomedical Sciences Option

Aracena, Ball, McGrane, Paul, Ubeidat

B.S. Biological Sciences, Environmental and Organismal Biology Option

Aracena, Boggs, Castle, Cothran, O'Neal

B.S. Microbiology

McGrane, Paul, Somalinga

B.S. Microbiology, Medical Laboratory Sciences Option

Paul

B.S. Ed. Natural Sciences Education

Boggs

Transfer Students

Any biological sciences faculty member

Professional Programs (Consult advisor in one of the following areas concerning requirements and application information.)

Pre-Medicine, Pre-Osteopathic Medicine

Aracena, Ball, McGrane, Ubeidat

Pre-Physical Therapy, Pre-Occupational Therapy

Ball

Pre-Dentistry, Pre-Dental Hygiene

Paul

Pre-Veterinary Medicine

Castle, Cothran

Pre-Optometry

O'Neal

Pre-Physician Associate, Pre-Medical Imaging and Radiation Sciences, Pre-Communication Sciences Disorders, Pre-Nutritional Sciences

Ball

Graduate Programs: Students must apply for graduate programs through the College of Professional and Graduate Studies. Following acceptance into the graduate program, each student will be assigned to an advisor from the Biological Sciences graduate faculty.

Department of Biological Sciences Statement on Evolution

Biology is a natural science that accumulates knowledge through empirical observation and rigorously tested hypotheses. Evolution by natural selection, a foundational principle of modern biology, is supported by overwhelming scientific evidence and is accepted by a vast majority of scientists. Because understanding evolution is fundamental to the understanding and practice of modern biology, Southwestern Oklahoma State University biology faculty teach evolution throughout the biology curriculum. This practice is in accordance with policy statements from the National Academies of Science, the American Association for the Advancement of Science, the American Institute of Biological Sciences, the National Science Teachers Association, the American Biology Teachers Association, the Oklahoma Academy of Sciences, and the Oklahoma Science Teachers Association and is supported by numerous religious denominations and organizations. Because we are a science department, we do not teach philosophically deduced theories or alternative hypotheses that cannot be rigorously tested.

For more information visit our web site at:

<https://bulldog.swosu.edu/academics/biological-sciences/index.php>

Medical Laboratory Sciences

Students interested in working in medical laboratories may pursue an Associate degree as a medical laboratory technician (Sayre Campus) or a bachelor's degree in microbiology-medical laboratory sciences option (Weatherford Campus and clinical study at an accredited affiliated hospital).

Prior to admission to a clinical program, students complete 90 hours of general education and pre-medical laboratory sciences course work. This is the 3+1 program and after completion of the program, the student is awarded a B.S. in Microbiology, Medical Laboratory Sciences Option. Students may opt to complete an undergraduate degree before applying for one of the clinical

programs. This is the dual degree program and students complete an undergraduate degree in Biology before applying to the clinical program. Upon completion of the clinical program, students receive a B.S. in Biological Sciences and a B.S. in Microbiology, Medical Laboratory Sciences Option. Students do not have to be admitted to a Pre-Medical Laboratory Science program but should regularly seek advisement from the advisor of Medical Laboratory Sciences in the Department of Biological Sciences in the College of Arts and Sciences.

The clinical training portion of the Medical Laboratory Science option, which involves 30 credit hours, can only be achieved at an accredited hospital in affiliation with Southwestern Oklahoma State University.

Acceptance into the hospital-based clinical training program is the option of the hospital program. Student applications are required and must follow specified guidelines. Minimum requirements for application require an overall grade point average (OGPA) of 2.5. The students must have a personal interview with hospital program officials. After all applications and interviews have been completed, the students will be “matched” to a training hospital for their professional clinical training.

The Professional Medical Training program at the hospital is 12 months. The students will enroll in clinical courses each semester

of the year – 12 hours in the fall and spring semesters and six hours for the summer semester. Final letter grades for all 30 hours will not be posted until the total clinical program has been completed.

Major electives, Minor courses, General Education or Free electives (15)	4901 Biological Sciences Capstone (1) Major electives, Minor courses General Education or Free electives (14)
Total (15)	Total (15)

*First time entering SWOSU students need to take 1051 SWOSUConnect.

*Physics requirement may be filled by 1063 General Physics or Basic Physics I and Basic Physics II. Students planning to apply to graduate or professional schools should take Organic Chemistry I and II and Basic Physics I and II.

#Students pursuing Biological Sciences Degree Options should enroll in specified electives during the third and fourth years.

Students applying to professional schools should regularly consult with a pre-professional advisor and the pre-medical committee to be aware of changes in admissions policies and deadlines.

NOTE: Students entering SWOSU with concurrent credits, Advanced Placement or CLEP credits may need to adjust the course sequences accordingly. Likewise, students entering with deficiencies may not be able to complete a degree in four years or may have to attend summer school.

⁺First time entering SWOSU students need to take 1051 SWOSUConnect.

*Physics requirement may be filled by 1063 General Physics or Basic Physics I and Basic Physics II. Students planning to apply to graduate or professional schools should take Organic Chemistry I and II and Basic Physics I and II.

BACHELOR OF SCIENCE - MICROBIOLOGY (MICRO.BS)

GENERAL EDUCATION (Min. 40 hours)

Courses that are required. *Courses that are recommended.*

Communication 9

- ENGL 1113 English Composition I**
ENGL 1213 English Composition II
COMM 1313 Introduction to Public Speaking OR
TECH 3143 Technical Presentations (if permitted by degree program)

Quantitative Reasoning 3

Select one course.

- MATH 1143 Mathematical Concepts**
MATH 1153 Mathematical Applications
MATH 1193 Elementary Statistics
MATH 1313 Functions and Modeling
MATH 1513 College Algebra
 or a higher numbered math course

U. S. History 3

Select one course.

- HIST 1043 U.S. History to 1877**
HIST 1053 U.S. History since 1877

American Government 3

- POLSC 1103 American Government & Politics**

Science 7-8

Select one course from Life Science and one course from Physical Science. One Science course must be a lab science.

Life Science 3-4

- BIOL 1004 Biological Concepts w/Lab**
BIOL 1013 Current Issues in Biology
BIOL 1054 Principles of Biology I w/Lab

Physical Science 3-4

- ASTRO 1904 Astronomy**
CHEM 1004 General Chemistry w/Lab
GEOL 1934 Physical Geology w/Lab
PHY 1044 Basic Physics I w/Lab
PHY 1063 General Physics (or a higher numbered chemistry or physics course)
SCI 1501 Concepts of Physical Science Lab
SCI 1513 Conc of Phy Science (can be taken w/wo lab)

Humanities and Social Science 12

Select one course from each sub-category and one additional course from any subcategory below.

Humanities 3

- GEOG 1103 World Cultural Geography**
HIST 1033 World History
HUM 1103 Introduction to Humanities

Fine Arts 3

- ART 1223 Art Survey**
COMM 1263 Introduction to Theatre
LIT 2333 Introduction to Film
LIT 2413 Introduction to Literature
MUSIC 1013 Introduction to Music I
MUSIC 1103 Music and Culture (Music majors only)
MUSIC 1123 History of Rock-n-Roll
PHILO 1453 Introduction to Philosophy

Social and Human Sciences 3

- ASL 2163 American Sign Language I**
ECONO 2263 Intro to Macroeconomics
ECONO 2363 Intro to Microeconomics
ENTRP 1123 Intro to Business
FINAN 2113 Personal Financial Planning
ITAL 1004 Elementary Italian I
KINES 1133 Wellness Conc & Exercise Applications
LATIN 1054 Elementary Latin I (or higher number)
PSYCH 1003 General Psychology
SOCIO 1003 Introduction to Sociology
SPAN 1054 Elementary Spanish I (or higher number)
TECH 1223 Technology and Society

Computer Proficiency 0-3

COMSC 1023 Computers and Info Access, or a department-assigned course which satisfies the Computer Proficiency in the major, or the SWOSU Proficiency Exam, or HS course clearly defined to meet our goals.

GE Elective 0-3

Students who meet the computer proficiency by exam or HS course must choose an additional GE course from any category.

MICROBIOLOGY MAJOR

Core Courses (Required) 28

- BIOL 1254 Principles of Biology II**
BIOL 3053 Cell Biology
BIOL 3152 Genetics and Cell Biology Lab
BIOL 3253 Genetics
BIOL 3283 Ecology
BIOL 3355 General Microbiology
BIOL 3704 Human Anatomy
BIOL 4213 Immunology
BIOL 4355 Microbiology
BIOL 4901 Biological Sciences Capstone

Major Electives 21

Choose one of the following courses:

- BIOL 3304 Aquatic Ecology**
BIOL 4604 Terrestrial Ecology
BIOL 4314 Environmental Biology

Choose the remaining 17 credit hours from the following list:

- BIOL 4001-4 Independent Studies in Biological Sciences**
(A maximum of 4 hours total of Independent Studies may be counted toward the major.)
BIOL 4031-4 Special Topics in Microbiology
BIOL 4284 Parasitology
BIOL 4343 Applied Microbiology
BIOL 4404 Pathogenic Microbiology
BIOL 4503 Microbial Physiology
BIOL 4463 Virology
BIOL 4523 Environmental Microbiology
BIOL 4703 Infectious Disease Epidemiology
BIOL 4853 Evolution
BIOL 4864 Human Genetics
BIOL 4914 General and Comparative Physiology
BIOL 4935 Cell and Molecular Biology
BIOL 4944 Neuroscience

Other Requirements 9

- MATH 2823 Applied Calculus (OR MATH 1613 Trigonometry OR MATH 1834 Calculus I)**
MATH 3413 Statistical Methods I OR 3433 Statistics I OR PSYCH 2433 Psychological Statistics
PHY 1063 General Physics OR one higher numbered Physics course with lab

Chemistry (Minor) 22

- CHEM 1203 & 1252 General Chemistry I and lab**
CHEM 1303 & 1352 General Chemistry II and lab
CHEM 3013 & 3111 Organic Chemistry I and lab
CHEM 4113 & 4021 Organic Chemistry II and lab
CHEM 4124 Biochemistry (w/lab)
