Americans With Disabilities Act Amendments Act

The Americans with Disabilities Act Amendments Act (ADAAA) requires the provision of "reasonable accommodations" to those qualified individuals with disabilities by providing equal, non-discriminatory program access in the academic setting.

Students need to take the verifying documentation to the Dean of Students Office, where it will be kept confidential and private to the extent possible. In most cases, verifying documents can be obtained from doctors, licensed psychologists or other professionals licensed to determine the existence, severity of and characteristics of the disability or disabilities. This documentation should include the functional impact of the disability or disabilities. It is the student's responsibility to request documentation from such professionals, and to request a record of accommodations received at any other educational institution. Appropriate documentation for learning disabilities should be provided with adult norms; typically assessment during high school years will meet this requirement. If accommodations are needed by the student, the student should provide the information and documentation in a reasonably early manner after admission to allow time for the development and arrangement of appropriate accommodations. In some cases, as when books on tape or sign language interpreters need to be requested, documentation should be provided several weeks prior to the beginning of each semester so accommodation arrangements can be made in a timely manner. A copy of Southwestern Oklahoma State University's documentation guidelines are on the Dean of Students' website or office, room 214, Gen. Thomas P. Stafford Center, (580) 774-3767.

Affirmative Action Compliance Statement

Southwestern Oklahoma State University in compliance with Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, Section 402 of the Readjustment Assistance Act of 1974, Americans With Disabilities Act Amendments Act of 2009, and other Federal laws and regulations does not discriminate on the basis of race, color, national origin, sex, age, religion, disability, sexual orientation, genetic information, or status as a veteran in any of its policies, practices, or procedures. This includes but is not limited to admissions, employment, financial assistance, and educational service.
About the University

Historical Background
Southwestern Oklahoma State University is located conveniently just off of I-40, an important interstate route. SWOSU is authorized to offer curricula in arts and sciences, business, teacher education, and health sciences. The additional location at Sayre, also off I-40, is authorized to provide Associate of Science and Associate of Applied Science degrees in both general and specialized areas of study, as well as career and technical education.

SWOSU was established by an act of the Oklahoma Territorial Legislature in 1901 as the Southwestern Normal School, authorized to offer two years of training for public school teachers. The first classes met in 1903. Initially, four years of preparatory work for pre-college students were offered.

In 1920, the preparatory (academy) courses were eliminated and two additional years of college work in teacher training were added. The State Legislature approved a change of name to Southwestern State Teachers College. The first baccalaureate degrees were awarded in May 1921. Other changes in name and purposes occurred in 1939 when the institution was designated as Southwestern State College of Diversified Occupations, and in 1941, when it became Southwestern Institute of Technology. During this two-year period, the college added a school of pharmacy, degree work in the arts and sciences, and trade schools.

In 1949, the Oklahoma State Legislature changed the name of the institution to Southwestern State College, and in 1974, to Southwestern Oklahoma State University, without altering its purposes and objectives. On July 1, 1987, Sayre Junior College was merged with Southwestern Oklahoma State University at Sayre.
Southwestern Oklahoma State University at Sayre was founded as Sayre Junior College in 1938 under legislative authorization which permitted public high schools to add a 13th and 14th year of study to their curricula. Nineteen public schools took this step. In 1940, the college name was changed to Oklahoma Western Junior College; however, the original name was soon adopted again, and in May 1940 the first degrees were conferred. In 1956, Sayre Junior College moved from facilities occupied jointly with Sayre High School to its present location on old Highway 66. The merger with Southwestern Oklahoma State University marked the end of the Oklahoma community college system, since Sayre Junior College was the only such institution remaining of the original nineteen.

The Sayre campus is located 60 miles west of Weatherford. Its primary service area is western Oklahoma. It offers open admission to high school graduates as well as to students who do not hold a high school diploma.

Southwestern Oklahoma State University offers nine graduate degrees. The Master of Teaching Degree was offered during the period 1953-1969. The Master of Education degree was inaugurated in 1969. Graduate programs leading to the following degrees have been added since 1969: Master of Business Administration, 1977; Master of Music, 1981; the professional doctorate, the Doctor of Pharmacy (PharmD), 1998; the Master of Science in Management, 2007; the Master of Science in Community Counseling, 2009; the Master of Science in Healthcare Information Management, 2014; the Specialist in Education (Ed.S.), 2015; and the Master of Science in Nursing in 2016.

**Mission, Values and Vision**

Southwestern Oklahoma State University is one of twenty-five institutions in the Oklahoma State System of Higher Education (Oklahoma Constitution, Article XIII-A, Section 1). The Oklahoma State Regents for Higher Education is the legal structure for public education at the collegiate level and is the coordinating board of all state institutions for higher education. Southwestern is one of six state-supported regional universities governed by the Regional University System of Oklahoma. Southwestern Oklahoma State University provides access to higher education for all individuals without discrimination on the basis of race, national origin, gender, or disability status.

**Mission Statement**
Southwestern Oklahoma State University supports students and community through its integration of effective teaching, scholarly and creative endeavors, and civic engagement.

**Values Statement**
In pursuing the university’s mission, SWOSU faculty and staff are guided by a shared commitment to:
1. **students**, by providing high-quality instruction, involvement, services, scholarly endeavors, creative activities, and service learning.
2. **achievement**, by establishing a foundation for student success.
3. **knowledge**, by pursuing the exchange of ideas, research, and leadership for the public good.
4. **respect**, by fostering a safe, healthy, and diverse intellectual, cultural, and social environment that encourages emotional well-being.

**Vision Statement**
SWOSU will foster an inclusive environment that inspires intellectual excellence, responsible citizenship, professional development, and personal growth.

University Information

Research Facilities
Southwestern Oklahoma State University possesses supporting facilities for learning and research. The Al Harris Library has 275,000 bound volumes and subscribes to 1,400 periodicals. The collection is expanded by one million microform units. The library is both a U.S. Government and state document depository and has 40,000 U.S. government documents. The library provides access to several electronic databases and to the Internet. The library provides electronic access to SWOSU's catalog and to other university library catalogs in Oklahoma and throughout the world. Additional facilities on campus include a computer center; microcomputer labs; various tele-learning resources; research laboratories in physics, chemistry, biology, pharmacy, psychology, business, health sciences, educational administration; and a music library.

Financial Services
Students who need financial assistance should contact Student Financial Services (STF 224, 580-774-3786) to determine eligibility for assistance. Most financial assistance at the graduate level is limited to individuals who are enrolled at least as half-time students and who can demonstrate a financial need. Eligible students may apply for student loans and work study. Graduate assistantships are available through academic departments.

Veterans Affairs
The University is approved for the training of veterans of the military service under education assistance established by the Federal Government and administered by the Veterans Administration. The V.A. Education Programs are coordinated through the Office of the Registrar (ADM 108, 580-774-3778).

Housing and Food Service
Room and board is available in University residence halls. Applications for campus housing and information about University housing may be obtained from the Residence Life Office (southwest corner of Neff Hall, 580-774-3024).

Admission Policy
Southwestern Oklahoma State University takes into account the following nonacademic criteria in admitting first-time, transfer or readmission students: (a) whether applicants have been expelled, suspended or denied admission, or denied readmission by any other educational institution; (b) whether the applicants have been convicted of a felony or convicted of a lesser crime involving moral turpitude; and (c) whether the applicant’s conduct has been such that if the applicant was a student at the time of the conduct in question, the conduct would have been grounds for expulsion, suspension, dismissal, or denial of readmission at the university.
Tuition and Fees
Tuition and other fees are established by the Oklahoma State Regents for Higher Education. The charges listed in this catalog are those in effect at the time of publication and are subject to change (refer to SWOSU website for current fees). A student’s registration is complete only when all fees are paid or when payment arrangements have been made with the Business Office (ADM 111, 580-774-3018).

*Tuition rates include the following mandatory fees per credit hour: ($36.50 total) Student Activity Fee - $11.50; Facility Fee - $7.50; Technology Service Fee - $11.00; Event Center Fee - $6.50

**Students with a 3.0 undergraduate grade point average (GPA) are eligible for resident tuition. Students must maintain a 3.0 graduate GPA to continue their eligibility.

Non-resident tuition waivers for international students will not exceed 2.5 percent of the total number of graduate students enrolled at the University. Furthermore, eligible students will meet both of the following conditions:
- Admission into a degree program;
- Maintaining acceptable academic standards (i.e. \( \geq 3.0 \) cumulative GPA).

Special Fees:
Special fees may be found on the SWOSU website at [SWOSU website tuition page](#).

Refunds:
Complete Withdrawal from SWOSU -
100 percent refund for dropping all courses before the courses begin. In order to receive a refund for courses shorter in duration than four weeks, the student must drop the course before the course begins.

85 percent refund for dropping all courses during the first 10 class days for a regular term course, first five class days of a regular summer or eight-week course, or first two class days of a four-week course.

No refund for students withdrawing after the tenth class day for a regular term course, after the fifth day of a regular summer of eight-week course, or after the second class day of a four-week course. For interim-seminar courses, there is no refund if the student drops after the course begins.
**Schedule Adjustments (DROP)**

100 percent refund for dropping class(es) during the first 10 days of a regular term course, during the first five days of a summer or eight-week course during the first two days of a four-week course, or prior to the first class meeting of a course less than four weeks in length. No refund for dropping class(es) after the tenth day of a regular term course, after the fifth day of a summer or eight-week course, or after the second day of a four-week course. Courses shorter in duration than four weeks must be dropped before the course starts in order to receive a refund.

Refunds are based upon the day the classes are dropped or the official student withdrawal is completed, not on the date that the student stopped attending classes. To officially withdraw from all courses, student must contact the Registrar's Office in person or by their SWOSU email.

Tuition refunds will not be processed until after the tenth class day of each semester or fifth class day of the summer. Refunds are disbursed to students via Higher One.

**For schedule adjustments (not complete withdrawals)**

- 16 week classes – 10 days to drop for a refund
- 8 week classes – 5 days to drop for a refund
- 4 week classes – 2 days to drop for a refund
- Interim/seminar courses (courses less than 4 weeks) – prior to the first day of class.

**Placement Services**

Placement Service is available at Southwestern Oklahoma State University to all graduating seniors, graduate students, and alumni. Individuals may file credentials, obtain job information, and schedule campus employment interviews at Career Services, (580) 774-3233. Information concerning job openings in business, industry, government, and education is available upon request.

**Release of Information**

Southwestern Oklahoma State University complies with all provisions of the Family Educational Rights and Privacy Act of 1974. The administration of educational records at SWOSU is consistent with provisions of the Act.
Academic and Admission Policies

Admission to Graduate Degree Program

1. A bachelor’s degree from a college or university accredited by a regional accrediting association is required. SWOSU students who plan to graduate with a bachelor’s degree in a given semester may be considered for admission for the following semester if all admission materials (other than an official transcript) are submitted prior to the appropriate deadline.

2. Submit an application for admission or readmission to the University, and provide proof of required immunizations submitted to Student Health Services.

3. Students should submit an application for admission to Graduate Studies.

4. Official transcript(s) of all credit earned should be submitted.

5. International admissions: Students for whom English is a second language wishing to be considered for admission must provide proof of English Language ability by submitting results of TOEFL with a minimum score of 79 (iBT) or IELTS with a minimum score of 6.5.

6. An international student must complete a Certification of Financial Resources Form showing sufficient resources to provide for the student’s program of study and living expenses while at Southwestern Oklahoma State University. If a bachelor’s degree was competed in another country, the transcript and diploma must be evaluated by a credential evaluation service such as WES (World Education Services) or ECE (Educational Credential Evaluators) or GCE (Global Credential Evaluators.)

7. Refer to the specific degree program for GRE requirements and other admission criteria.

8. Submit letters of recommendation or recommendation forms as required by individual degree programs.

9. When completed credentials are on file with the Graduate Office, the file will be evaluated by the program’s admissions committee to determine admissibility to a graduate program.

10. All application materials must be submitted by the following deadlines in order to be considered for admission that semester. Applications submitted after these deadlines will not be considered until the following semester.
   - Spring Semester Admission – November 1\textsuperscript{st}
   - Summer Semester Admission – April 1\textsuperscript{st}
   - Fall Semester Admission – July 1\textsuperscript{st}

11. Incomplete application files will not be kept longer than two years.

12. Specific admission requirements for each program are found on their program pages.
General Information

Seniors and Graduate Study
A senior student may enroll in a maximum of nine (9) graduate hours during the final undergraduate year if a full course load is not required to complete requirements of the bachelor's degree. The total undergraduate and graduate enrollment should not exceed sixteen (16) hours during a semester and nine (9) hours during a summer term. Graduate work may not be used to meet undergraduate requirements, but it may be applied toward professional certification in some instances.

Graduate Tuition Waiver
Students who meet the following criteria and wish to be considered for a Graduate Tuition Waiver must complete and turn in to the Graduate Office a Tuition Waiver application and supporting documents. The Graduate Tuition Waiver will pay tuition only for up to six (6) hours.

1. Admission to a Graduate Program
2. Have completed graduate coursework at SWOSU
3. Currently enrolled in a minimum of six (6) graduate hours
4. Minimum of 3.50 GPA
5. Must be an Oklahoma resident

The deadlines for application submissions are: Summer – April 1, Fall – July 1, Spring – November 1. Applications will not be held for future semesters. Incomplete applications will not be considered.

Advisement and Enrollment
Each student admitted to a degree program is assigned an advisor in his/her major area of interest when the application for admission to a graduate program is approved. Advisors are available to assist students with enrollments and to provide general program information. **The student, however, has the final responsibility of insuring that program requirements are met.** Exceptions to requirements outlined in the *Graduate Catalog* must be approved by the advisor, chair, associate dean (where applicable), the dean of the academic unit, and the Graduate Dean.

Graduate students may enroll on any of the enrollment dates or during regular registration listed in the class schedule (located on the SWOSU website: [link](#)) by calling the Registrar’s Office (580-774-3008).

Academic Load
Standard Term: Any course(s) that meets a full 16 weeks during the fall and spring semesters and 8 weeks for the summer. All full-time students are enrolled in a minimum of nine (9) hours per semester and four (4) hours during a summer term. Three quarter-time students are enrolled in a minimum of seven (7) hours per semester and three (3) hours during a summer term. Half time students are enrolled in a minimum of five (5) hours per semester and two (2) hours during a summer term.
Non-Standard Term: Any term that does not meet the 16 week requirement stated above. All full-time students are enrolled in a minimum of four (4) hours per eight (8) week classes and two (2) hours per 4 week term. Three quarter-time students are enrolled in a minimum of three (3) hours per eight (8) week classes and one point five (1.5) hours per 4 week term. Half time students are enrolled in a minimum of two (2) hours per eight (8) week classes and one (1) hour per 4 week term.

Enrollments that exceed sixteen (16) hours during the fall and spring semester and nine (9) hours during the summer term are exceptions and must be approved by the advisor and Graduate Dean. Additional credit may be earned via interim courses.

Course Numbering
5000 level Business courses may be taken only by M.B.A. graduate students. Courses at the 3000 and 4000 level are dual enrollment courses open to most graduate and upper-division undergraduate students. The courses may be used to meet requirements of a graduate degree if part of an approved program. The student must indicate at the time of enrollment if s/he wants a course for graduate credit. Members of the faculty differentiate between the work of graduate and undergraduate student in 3000 and 4000 level courses. Courses completed for undergraduate credit may not be repeated for graduate credit nor can the same class count toward undergraduate and graduate requirements.

Grading System
A grade is given as recognition of certain levels of accomplishment in a course and is to be interpreted as follows:
- A (4.0), Excellent
- B (3.0), Average
- C (2.0), Below Average
- D (1.0), not acceptable toward a degree
- F (0.0), Failure
- S (0.0), Satisfactory
- U (0.0), Unsatisfactory

Incomplete—An incomplete grade may be used at the instructor’s discretion to indicate that additional work is necessary to complete a course. To receive an “I” grade, the student should have satisfactorily completed a substantial portion of the required coursework for the semester. The time limit to satisfy the “I” will be at the discretion of the instructor. “I” grades not changed by the instructor to a credit-bearing grade or an “F” within the specified time limit will remain as a permanent “I” and not contribute to the student’s GPA.

Withdrawal—Students may withdraw during the first eleven (11) weeks of class work in a regular semester or during the first four weeks of class in a summer semester and receive a grade of “W.” Students may also withdraw officially any time prior to and including Friday of the week before final examinations begin and receive a “W” for courses in which they are doing passing work. Students who withdraw from a course in which they are failing will receive an “F” if the withdrawal occurs during the last five weeks of a regular semester or the last four weeks of a summer semester. Students who leave school without officially
withdrawing will receive grades of “F” for courses in which they were enrolled. A grade of “W” has no effect on a student’s grade-point average.

Repeated Courses—When a course is repeated, both grades are used in computing the grade-point average, but only one course may be applied toward degree requirements.

Retention
A minimum graduate grade point average of 3.0 (B) is required in all master's degree programs. No grade lower than a “B” on applied music courses will be accepted toward requirements of the Master of Music degree. A maximum of six semester hours of “C” may be applied toward requirements of the Master of Business Administration, Master of Science in Management, and the Master of Education degrees.

After being admitted to a graduate program, a student will be placed on academic probation if the graduate grade point average falls below 3.0 (B) after the completion of twelve (12) semester hours, including transfer credit. During the first probation semester, a student must have a cumulative GPA and/or semester GPA of 3.0. If neither the cumulative nor semester GPA is a 3.0, the student will be allowed to register only as a part-time student (i.e., a maximum of five hours and three hours during the regular and summer term, respectively) until a cumulative GPA of 3.0 is achieved. If a student during a second semester of probation does not earn a 3.0 semester average, s/he will be dismissed from their graduate program. An academic reprieve is not applicable to graduate programs.

Transfer of Credits
A maximum of nine (9) applicable semester hours of graduate credit from accredited colleges and universities may apply toward requirements of a graduate degree at Southwestern Oklahoma State University (SWOSU). Only coursework with grades of “A” and “B” is eligible for transfer. All applicable graduate credit earned at SWOSU prior to admission into a degree program is considered as transfer credit.

Unclassified Graduate Students
Students who have previously completed a Master's Degree at Southwestern, or who do not wish to pursue a graduate degree, may be admitted as unclassified graduate students. These students must follow the graduate studies admission procedures. A maximum of nine hours taken as an unclassified student may transfer into a degree program. The nine-hour transfer policy includes any hours taken at another university, as well as hours taken at SWOSU before admission to a degree program.

Unclassified graduate students in the School of Business will be permitted to enroll in up to 9 hours of graduate classes provided their undergraduate GPA is at least 3.0. School of Business students will not be allowed to enroll in more than 9 hours without being formally admitted to the MBA/MS program. For more information contact the MBA Advisor.

Degree Completion Time
Graduate courses taken more than six (6) years prior to graduation do not count toward the total number of credit hours required for a master's degree. Courses that are more than six (6)
years old may count as degree requirements as recommended by the academic unit in which the master's degree is offered and approved by the Graduate Dean.

**Individual Study/Directed Reading**
Graduate students may enroll in an individual study in areas not available in conventional classes. A maximum of **six (6) semester hours** of individual study may be applied toward requirements of the master's degree upon approval of advisor.

**Candidacy for the Master’s and Specialist in Education Degree**
Admission to graduate studies and to a degree program is not the equivalent of Admission to Candidacy for the master’s degree. It is the responsibility of the student to initiate the application for Admission to Candidacy after the completion of 24-30 semester hours. The candidacy form must be submitted to the Graduate Office no later than the first Monday after close of the drop/add date each semester. The degree candidacy form is to be completed by the student in consultation with his/her major advisor and forwarded to the Graduate Office. The degree candidacy form must include only the courses that apply to the graduate degree program.

**Application for Graduation**
Candidates for the master’s degree are responsible for filing an application for graduation online: **SWOSU website Graduation Application**. Students are strongly encouraged to file this application during the first two weeks of the semester in which they plan to graduate.
GRADUATE PROGRAM CHECKLIST

Sequential Steps to Be Followed in a Master’s Degree Program
-- A Self-Help Guide—

1. Admission to Graduate Degree Program

✓ File Application for Admission or readmission to the University with the Registrar (not required of students enrolled at SWOSU during the previous year).
✓ File health history and submit proof of required immunizations to Student Health Services.
✓ File Application for Admission to Graduate Studies with the Graduate Office.
✓ Provide official transcript(s) of all previous college work not already on file with the Registrar at SWOSU.
✓ Provide other credentials (GRE scores, references, etc.) as required by the degree program for which you are applying.
✓ Submit Portfolio – M.Ed. in Educational Administration requires an e-portfolio; M.Ed. in School Counseling and M.Ed. in School Psychometry (requires a paper portfolio) – see advisor or department contact person for more information.

2. Following Admission to a Degree Program

✓ Meet with your advisor during your semester of admission and complete a Plan of Study.
✓ Enroll or pre-enroll on enrollment dates listed in the class schedules.

3. Admission to Degree Candidacy

✓ With the assistance of your advisor, complete an Application for Admission to Candidacy after the completion of 24-30 semester hours of graduate work. Obtain appropriate signatures and submit Candidacy form to the Graduate Office. The completed/signed form must reach the Graduate Office by the first Monday after the close of the drop/add date of the semester in which you intend to graduate.
✓ Master of Education, Master of Science in Community Counseling and Specialist in Education students must complete the Capstone Experience during their final semester (with the exception of certain programs-check program pages for details). Students must enroll in the Capstone Experience class, complete the Registration Form, and turn the form in to their advisor.
✓ Each M.B.A. graduate must complete the Educational Testing Service (ETS) Major Field Test in Business during their last semester of their M.B.A. program.
✓ File an Application for Graduation with the Registrar. This application should be submitted to the Registrar’s Office during the first two weeks of the semester in which the student expects to graduate.
✓ Pick up a cap and gown at University Bookstore.
4. Summary Checklist

- Required number of semester hours for the degree.
- All required courses completed.
- An overall grade point average of at least 3.0 (B) on graduate work.
- The Master of Music degree program with no Applied Music grades below “B” that count toward degree requirements.
- No grades below “C” applied toward degree requirements.
- Not more than six (6) semester hours of “C” applied toward the degree.
- Not more than six (6) semester hours of individual study/directed reading applied toward the degree.
- No correspondence study credit applied toward the degree.
- Graduate credits completed beyond six (6) years not applicable for semester hours required but may meet course requirements in a degree program.
- Not more than nine (9) approved semester hours of transfer credit. This includes courses from accredited institutions, as well as courses taken at SWOSU, prior to admission into a degree program. Only courses with a grade of “A” or “B” may be transferred.

BUSINESS ADMINISTRATION -
Master of Business Administration
(BUSAD.MBA) (Code No. 860)

The Master of Business Administration degree is accredited by the International Assembly for Collegiate Business Education. It is designed for those who:

- desire an immediate continuation of an advanced program in business commensurate with their career objectives,
- desire an updating of their professional training,
- desire advanced specialized experiences to anticipate and solve the challenge of individual occupational responsibilities (entrepreneurs and managers), and
- require an advanced degree.

The MBA program will satisfy the Oklahoma educational requirements to sit for the CPA exam provided 30 hours of Accounting classes are taken beyond Principles of Financial and Managerial Accounting.

ADMISSION REQUIREMENTS FOR SWOSU

1. Bachelor’s degree from a college or university accredited by a regional accrediting association is required.
2. The University Application for Admission or Readmission (available online): [SWOSU application weblink]
3. International admissions: students for whom English is a second language wishing to be considered for admission to Graduate Studies must provide proof of English Language ability by submitting a minimum TOEFL score report of 79 (iBT) or a minimum IELTS score report of 6.5. See Graduate Studies pages for other international requirements.

ADMISSION REQUIREMENTS FOR THE GRADUATE SCHOOL

The following steps should be completed online:

[https://www.swosu.edu/academics/graduate-studies/application.aspx](https://www.swosu.edu/academics/graduate-studies/application.aspx)

1. Application for Graduate Admission (Form A)
2. 9-hour Transfer of Credit Policy Agreement (Form B)
3. Official transcript(s) of all credit earned
4. Résumé
5. Two MBA recommendation forms (Form C)
6. Complete the MBA Inbound CPC-based Comprehensive Exam.
   Students are required to complete the MBA Inbound CPC-based Comprehensive Exam prior to enrolling in any graduate courses. Applicants will be responsible for the cost of the Inbound CPC Exam. The cost of the exam is $40.00; it does not require any study preparation. A link and password to access the exam will be provided once your application for graduate admission is complete. Once you have registered for the test, you will have 48 hours to finish and only three (3) log-in attempts are allowed (initial registration counts as one, plus 2 other log-ins).
• Applicants will be evaluated on both the overall score and on the individual subject area scores.
• Students who attain a **satisfactory score** can then proceed with their MBA application with no additional preparatory or prerequisite coursework.
• Students who do not attain a satisfactory overall score will need to complete the 15-Module Academic Leveling Course. An email will be sent with further information on registering for the ALC at the time of score notification.
  o Students must pay for all costs for the Academic Leveling Course (currently $400). College credit will not be given for this course.
  o This self-paced course is designed to be a primer to the student without an undergraduate degree in business or as a refresher course for the returning business major who has been out of school for a period of time.
  o Students who have to complete the Leveling Course will need to pass a minimum of 10 of the 15 modules before they can proceed past their initial semester.
• Students who do not attain a satisfactory score on an individual subject area(s) will be required to successfully complete the corresponding learning module(s) in the Academic Leveling Course.
  o The cost per learning module is $40.
  o The learning module is designed to be a primer for students in a specific subject area. No college credit will be given.

7. After application and satisfactory completion of the MBA Inbound CPC exam or the **Masters Academic Leveling Course**, students need to schedule a meeting with the SoBT Director of Graduate Programs to complete a tentative **Plan of Study**. Upon admission to the graduate program, the finalized Plan of Study will be placed on file with the Graduate Office and SoBT Director of Graduate Programs.

**COURSE OFFERINGS**

The MBA program can be completed in: two academic years including two summers, taking classes only at night; one academic year, taking both day, night and web classes; or, over a more extended period, depending upon the student’s own needs and situation.

**MBA GRADUATION REQUIREMENTS**

1. **Completion** of an approved 33 hour program of required and elective courses.
2. **Maintenance** of a grade point average of 3.0 (4.0 scale) with no more than six hours of “C” grade accepted toward degree requirements.
3. With the assistance of the Dobson SBT Director of Graduate Programs, complete an Application for Admission to Candidacy after the completion of 24-30 semester hours of graduate work. 5. An original OSBI Background Check  
   - The procedure for completing the check is in the application packet.  

The deadlines for application for the LPC Curriculum Program are June 1st for the Fall Semester and November 1st for the Spring Semester.  

Acceptance will require completing an on-campus face-to-face interview. The interviews are typically scheduled for June for Fall applicants and November for Spring applicants. Applicants will be notified about interview information through the email address provided on the application. Interview information will not be sent out until the application deadline has
passed (Notification of interview will be sent after June 1st for the Fall semester and after November 1st for the Spring Semester).

Upon acceptance into any of these graduate programs, the candidate must successfully complete a Plan of Study with his/her advisor.

Placement into the practicum and LPC internship courses requires approval from the Departmental Internship/Practicum Approval Committee (IPAC).

NOTE: Meeting the minimum standards does not guarantee acceptance into the program.

Licensed Professional Counselor (LPC) Curriculum Program (Code No. 847)

Applicants must meet with their advisor to develop a plan of study. The following course sequences are based on the completion of SWOSU Department of Education programs. If your master’s degree was completed elsewhere, there might be slight variation in necessary coursework – your advisor will work with you to determine the best course of action.

Course requirements subject to change based on current Oklahoma Law.

NOTE: SUCCESSFUL COMPLETION OF THIS COURSE SEQUENCE QUALIFIES THE CANDIDATE FOR LICENSURE APPLICATION ELIGIBILITY under the current Oklahoma rules and regulations. State law requires state application, including further supervision hours and successful completion of examinations to be licensed.

Upon completion of Master of Science degree in Community Counseling, the following courses are required:

I. Required Core Courses (15 hours)
   COUN  5423  Multicultural Concepts
   COUN  5523  Career Counseling
   EDPSY  5223  Techniques of Psychotherapy

MANAGEMENT - Master of Science
(MANAG.MS) (Old Code No. 861)

The Master of Science in Management degree is accredited by the International Assembly for Collegiate Business Education. It is designed for those who desire an:

- immediate continuation of advanced program in business commensurate with their career objectives,
- updating of their professional training,
- advanced specialized experiences to anticipate and solve the challenge of individual occupational responsibilities (entrepreneurs and managers).

ADMISSION REQUIREMENTS FOR SWOSU
1. Bachelor's degree from a college or university accredited by a regional accrediting association is required.
2. The University Application for Admission or Readmission (available online): SWOSU application weblink
3. International admissions: students for whom English is a second language wishing to be considered for admission to Graduate Studies must provide proof of English Language ability by submitting a minimum TOEFL score report of 79 (iBT) or a minimum IELTS score report of 6.5. See Graduate Studies pages for other international requirements.

ADMISSION REQUIREMENTS FOR THE GRADUATE SCHOOL
The following steps should be completed online:
https://www.swosu.edu/academics/graduate-studies/application.aspx
1. Application for Graduate Admission (Form A)
2. 9-hour Transfer of Credit Policy Agreement (Form B)
3. Official transcript(s) of all credit earned
4. Résumé
5. Two MS Management recommendations (Form C)
6. Complete the M.S. (Management) Inbound CPC-based Comprehensive Exam.

Students are required to complete the M.S. (Management) Inbound CPC-based Comprehensive Exam prior to enrolling in any graduate courses. Applicants will be responsible for the cost of the Inbound CPC Exam. The cost of the exam is $36.00; it does not require any study preparation. A link and password to access the exam will be provided once your application for graduate admission is complete. Once you have registered for the test, you will have 48 hours to finish and only three (3) log-in attempts are allowed (initial registration counts as one, plus 2 other log-ins).

a. Applicants will be evaluated on both the overall score and on the individual subject area scores.

b. Students who attain a satisfactory score can then proceed with their M.S. (Management) application with no additional preparatory or prerequisite coursework.
c. Students who do not attain a satisfactory overall score will need to complete the 15-Module Academic Leveling Course. An email will be sent with further information on registering for the ALC at the time of score notification.
   i. Students must pay for all costs for the Academic Leveling Course (currently $400). College credit will not be given for this course.
   ii. This self-paced course is designed to be a primer to the student without an undergraduate degree in business or as a refresher course for the returning business major who has been out of school for a period of time.
   iii. Students who have to complete the Leveling Course will need to pass a minimum of 10 of the 15 modules before they can proceed past their initial semester.

d. Students who do not attain a satisfactory score on an individual subject area(s) will be required to successfully complete the corresponding learning module(s) in the Academic Leveling Course.
   i. The cost per learning module is $40.
   ii. The learning module is designed to be a primer for students in a specific subject area. No college credit will be given.

7. After application and satisfactory completion of the M.S. (Management) Inbound CPC exam or the Masters Academic Leveling Course, students need to schedule a meeting with the Dobson SBT Director of Graduate Programs to complete a tentative Plan of Study. Upon admission to the graduate program, the finalized Plan of Study will be placed on file with the Graduate Office and Dobson SBT Director of Graduate Programs.

COURSE WORK REQUIREMENTS

All M.S. students must complete an 18 hour required core with an additional 3-6 hours of Management electives (not taken at undergraduate level) as described below and 9-12 hours of guided electives in the chosen discipline.

I. Required M.S. (Management) Core (21 hours)
   ENTRP 5143 Managerial Jurisprudence
   MNGMT 5153 Managerial Ethics

Master of Music Degree Information

The Master of Music degree program provides advanced studies in music education, as well as solo and ensemble performance. Graduate programs in music are for those students who hold a baccalaureate degree in music. Objectives of the program are:

- To improve the quality of the student’s musical performances through instruction and supervised experience in public performance;
- To improve the student’s proficiency in composing and analyzing music;
- To help the student improve the knowledge and skills necessary to teach music in public schools and universities;
• To foster respect for the integral role music plays in contemporary society and in education and to develop the ability of professional musicians to communicate that role to the general public; and
• To help the student develop detailed knowledge of music research, music literature, music history, and music theory.

Admission
In addition to the University and graduate studies admission requirements listed, applicants for the Master of Music degree must meet the following multiple measures for admission to the degree program:

1. Two letters of recommendation from individuals qualified to rate the applicant’s academic aptitude and motivation.
2. Advisory exams, administered by the department in music history and music theory, to be completed during the first period of enrollment.
3. For performance majors: An entrance audition of 30 minutes length representing a variety of styles and composers.
4. For music education majors: A brief performance audition in the major applied area.
5. A bachelor’s degree in music, music education, music performance or the equivalency from a NASM accredited institution.

Information about exams and the graduate program in Music may be obtained from the Director of Graduate Studies in the Department of Music.

General Requirements
Candidates for the Master of Music degree must complete a minimum of 32 hours of approved course work and maintain a minimum graduate grade point average of 3.0. Only applied music grades of “A” or “B” will count toward requirements for the degree. The student must remove all deficiencies identified by advisory examinations. The deficiencies may be removed by satisfactorily completing additional coursework in deficiency areas as directed by the Graduate Committee. All candidates for the Master of Music degree must pass comprehensive exams. Performance majors must present at least one public recital. The recital content and length must be approved by the Graduate Committee.
Graduate Committee
The Director of Graduate Studies in the Department of Music with approval of the chair and advisement of the faculty, shall appoint for each student a Graduate Committee of not fewer than three faculty members from the Music Department. Members of the committee should represent the various areas of applied music, music theory, music history, and music education. The committee will review the candidate’s advisory examinations, construct and approve a final form of the program, and administer the final comprehensive examination.

SPORTS MANAGEMENT - Master of Education in Education
Non-Certification Track
(SPMNG.MED) (Old Code No. 844)

I. Prerequisites: Completion of 24 undergraduate semester hours in Parks and Recreation Management (PRM), Health and Physical Education (HPE), Kinesiology (KINES), Athletic Training Education Program (ATEP), Business Management (MNGMT), Marketing (MRKTG), General Business (GEBUS), or related areas.

II. Required Professional Education and Psychology Core (9 hours)
   EDUC 5113 Introduction to Research
   EDPSY 5723 Advanced Psychology of Learning
   PSYCH 5233 Advanced Psychology of Sports

III. Required Courses in Sports Management
   A. Required Sports Management Core (5 hours)
      SPRTM 5912 Directed Readings in Sports Management
      SPRTM 5113 Internship in Sports Management
   B. Sports Management Electives (15 hours)
      PRM 3663 Recreation Management
      PRM 3882 Recreational Areas and Facilities Management
      PRM 4012 Recreational Sports History
      SPRTM 4152 Recreation and Sports Management Statistics
      PRM 4113 Risk Management in Recreation
      PRM 4163 Community Recreation
      SPRTM 5001-4 Individual Study in Sports Management
      SPRTM 5011-4 Seminar in Sports Management
      SPRTM 5503 Advanced Sports Management
      SPRTM 5513 Advanced Finance of Sports
      SPRTM 5523 Advanced Leadership in Sports
      SPRTM 5533 Advanced Sports Information Management
      SPRTM 5543 Advanced Olympism Theory
      SPRTM 5553 Advanced Fitness & Wellness Program Design
      SPRTM 5563 Advanced Nutrition for Athletes
      SPRTM 5573 Advanced Group Dynamics in Sports
      SPRTM 5583 Advanced Strategic Planning in Sports
      SPRTM 5593 Advanced Ethics in Sports Management
   
   C. Required Sports Management Research Capstone (3 hours)
      SPRTM 5213 Research in Sports Management: Required graduate capstone project to be determined by candidate in conjunction with the SPRTM graduate advisor. The graduate project may be a theoretical or applied research effort.

IV. Approved coursework to make a total of 32 semester hours
VI. Combined undergraduate and graduate work in approved Sports Management and related courses must total at least 44 semester hours.

VII. A graduate student must complete the nine hours of the “Required Professional Education and Psychology Core” before allowed to enroll in the “Internship in Sports Management” course. It is recommended that the graduate student wait until at least ½ of the coursework is complete before internship.
Department of Art, Communication & Theatre

ART 5001-4 INDIVIDUAL STUDY IN ART (TOPIC)
Individual study of specified topic for graduate students. Credit 1 to 4 semester hours. Prerequisite: Admission to the Graduate Program. D

ART 5011-4 SEMINAR IN ART (TOPIC)
Group study of specified topic in art for graduate students. Credit 1 to 4 semester hours. Prerequisite: Admission to the Graduate Program. D

ART 5113 WATERCOLOR STUDIO
Study and practice of traditional transparent watercolor technique, and experimentation with contemporary methods. Emphasis on composition, color, process and technique. Prerequisites: ART 1123 and ART 1133. D

ART 5253 APPLIED DESIGN
A studio course involving the design, execution and the study of contemporary trends in crafts. Prerequisites: ART 1123 and ART 1133. D

ART 5313 PAINTING STUDIO
An exploration of opaque painting techniques and processes. The development of pictorial form and content is emphasized. Prerequisites: ART 1123 and ART 1133. D

ART 5333 STUDIO DRAWING
Studio Drawing will explore creative and expressive approaches to drawing with an emphasis on diversity of techniques. Experiences utilizing a variety of media will be used to develop fundamental and advanced drawing concepts. Prerequisites: ART 1123 and ART 1133. S

ART 5353 CLAY STUDIO
A study in ceramic design using both hand built and wheel methods of construction. Firing and glazing procedures will also be covered. F, S, SU

ART 5363 MODERN ART HISTORY
This course, continuing the survey of art begun in ART 3613 and ART 3653, investigates the history of painting, sculpture and architecture from the late nineteenth century through World War II. Symbolism, Post-Impressionism, Cubism and Expressionism are among the trends discussed, as are the art of Picasso, Duchamp, Klee and Dali. D

ART 5383 MIXED MEDIA
Students draw upon a wide range of materials such as paper, metal, clay, plaster, wax, plastic and found objects while incorporating various techniques in the fabrication of 3-D works. Students incorporate materials and technical skills that they may already possess. D

ART 5393 ART HISTORY SINCE 1945
This survey, completing the series begun with ART 3613, 3653 and 4353, traces the development of art from the rise of the New York School to the present day. Among the topics discussed are Abstract Expressionism, Pop and Op Art, and the art of Jackson Pollock, Mark Rothko, Andy Warhol and Keith Haring. D

ART 5452 CONTENT, METHODS AND MATERIALS IN ELEMENTARY SCHOOL ART

COURSE DESCRIPTIONS

COLLEGE OF ARTS AND SCIENCES

F = Classes offered in the Fall, S = Classes offered in the Spring, SU = Classes offered in the Summer, O = Odd years, E = Even years, I = Interim (between semesters), D = Classes offered upon Demand.

Current methods of applying Discipline-Based Art Education will be used to explore ways to integrate the visual arts into the elementary grades. Prerequisite: Admission to Teacher Education Program. F, S

ART 5483 PRINTMAKING STUDIO
Printmaking by hand transfer and with the press. Composition and personal expression are emphasized. Intaglio and relief methods are explored. Prerequisites: ART 1123 and ART 1133. F, S

ART 5513 INTERMEDIATE GRAPHIC DESIGN I
Introduction to web design using Dreamweaver and Flash programs. Prerequisites: ART 1123, ART 1133 and ART 2133. F, S

ART 5553 TEACHERS' COURSE IN ART
This course explores methods of teaching visual art at the secondary level. In-depth attention will be given to the application of Discipline-Based Art Education assignments at this level. Prerequisites: Art major or endorsement and admission to the Teacher Education Program. D

ART 5651 GRADUATE EXHIBIT
Students will prepare and present a body of work produced as a graduate. Emphasis will be on professionalism in presentation as well as artwork selected. Prerequisites: ART 1123 and ART 1133. D

ART 5753 LIFE DRAWING
Observational drawing with an emphasis on composition. Various techniques and subjects will be explored. Prerequisites: ART 1123 and ART 1133. D

Department of Biological Sciences

BIOL 5001-4INDIVIDUAL STUDIES IN BIOLOGY (TOPIC)
Individual study of specified topic for graduate students. Credit 1 to 4 semester hours. Prerequisite: Admission to the Graduate Program. F, S, SU

BIOL5011-4SEMINAR IN BIOLOGY (TOPIC)
Group study of specified topic for graduate students. Credit 1 to 4 semester hours. Prerequisite: Admission to the Graduate Program. F, S, SU

BIOL 5021-4 SPECIAL TOPICS IN BIOMEDICAL SCIENCES
Provides special topics in biomedical sciences with variable topics for 1-4 credit hours. May include laboratory. May be repeated for a maximum of 4 credit hours. Enrollment by signature only. Prerequisites: Admission to the Graduate Program. D

BIOL 5031-4 SPECIAL TOPICS IN MICROBIOLOGY
This course is offered with variable topics in microbiology for 1 to 4 credit hours. A maximum of 4 credit hours may be applied toward the graduate degree. Prerequisites: Admission to the Graduate Program. D

BIOL 5041-4 SPECIAL TOPICS IN ENVIRONMENTAL AND ORGANISMAL BIOLOGY
Provides special topics in environmental biology and the biology of organisms with variable topics for 1-4 credit hours. May include laboratory. May be repeated for a maximum of 4 credit hours. Enrollment
by signature only. **Prerequisites:** Admission to the Graduate Program.

**BIOL 5154 DEVELOPMENTAL BIOLOGY**
The exploration of synthesis of vertebrate and invertebrate organisms. Cellular and molecular aspects of animal development will be covered as well as medical implications of developmental biology. By signature only. **Corequisite:** BIOL 5154L. **Prerequisite:** Admission to the Graduate Program.

**BIOL 5213 IMMUNOLOGY**
The study of the body's immune system and its relationship to health and disease. By Signature Only. **Prerequisite:** Admission to Graduate Program.

**BIOL 5284 PARASITOLOGY**
Overview of viral, fungal, bacterial and eukaryotic parasites infecting humans. Lab includes collection, isolation, cultivation, and identification of parasites. By signature only. **Corequisite:** BIOL-5284L. **Prerequisite:** Admission to Graduate Program.

**BIOL 5343 APPLIED MICROBIOLOGY**
This covers topics including medical applications of gene therapy and therapeutic agents, industrial microbiology and fermentation, agricultural applications, microbial ecology, and food microbiology. Includes laboratory demonstrations in lecture. By signature only. **Prerequisite:** Admission to Graduate Program.

**BIOL 5404 PATHOGENIC MICROBIOLOGY**
Provides an overview of microbial physiology, molecular genetic mechanisms of pathogenicity, disease pathology, and clinical diagnosis procedures. Emphasis is placed on specific bacterial and viral pathogens. **Corequisite:** BIOL-5404L. **Prerequisite:** Admission to Graduate Program.

**BIOL 5463 VIROLOGY**
A study of bacterial and animal viruses, including virion structure, cultivation, molecular genetics, and mechanisms of infection. Attention is given to viral diseases, their pathology, control, and prevention. By signature only. **Prerequisite:** Admission to Graduate Program.

**BIOL 5503 MICROBIAL PHYSIOLOGY**
This course involves the physiological and biochemical activities of bacteria with emphasis on structure, function, and molecular control mechanisms. Pathogenic and non-pathogenic bacteria are considered. By signature only. **Prerequisite:** Admission to Graduate Program.

**BIOL 5523 ENVIRONMENTAL MICROBIOLOGY**
Lecture and laboratory instruction on microbe-microbe and microbe-environment interactions. Areas of study will be air, water, wastes, soil and special environments such as industrial and domestic wastes. Two hours of lecture and two hours of laboratory per week. By signature only. **Corequisite:** BIOL-5523L. **Prerequisite:** Admission to Graduate Program.

**BIOL 5703 INFECTIOUS DISEASE EPIDEMIOLOGY**
A study of the distribution patterns of infectious diseases within and across populations. Includes topics in population studies, disease and injury determinants, behavioral factors, and environmental factors. Lecture only. By Signature Only. **Prerequisite:** Admission to Graduate Program.

**BIOL 5864 HUMAN GENETICS**
A study of human genetics that focuses on human molecular genetics including genetic factors causing diseases; changes in gene expression during development, differentiation, and pathogenesis; recombinant DNA; gene therapy; clinical genetics; genetic epidemiology; immunogenetics; cytogenetics; and genetics of specific disorders and diseases. Enrollment is by signature only. **Corequisite:** BIOL-5864L. **Prerequisite:** Admission to the Graduate Program.

**BIOL 5914 GENERAL AND COMPARATIVE PHYSIOLOGY**
A study of the principles of comparative animal physiology with emphases on morphological, physiological, and behavioral adaptations. Examples taken from humans, familiar animals, and uncommon animals that represent elegant solutions to survival problems and illustrate physiological concepts. The course covers the major organ systems of the body and their interactions with each other and the environment presented in an evolutionary and ecological context. Enrollment by signature only. **Corequisite:** BIOL-5914L. **Prerequisite:** Admission to Graduate Program.

**BIOL 5935 CELL AND MOLECULAR BIOLOGY**
A study of the cellular and molecular basis for the structure and organization of the cell with emphasis on control of the cell cycle, transport of information and materials, and signaling. The laboratory emphasizes cellular and molecular tools and techniques and includes research and presentation of a cell/molecular biology question. By signature only. **Corequisite:** BIOL-5935L. **Prerequisite:** Admission to Graduate Program.

**BIOL 5944 NEUROSCIENCE**
A study of the molecular, structural, physiologic, cognitive, and behavioral aspects of the brain and nervous system. Includes molecular and cellular neuroscience, brain science, anatomy and physiology of the central nervous system, molecular and biochemical basis for information processing, and applications to clinical sciences and biomedical engineering. By Signature Only. **Corequisite:** BIOL-5944L. **Prerequisite:** Admission to Graduate Program.

**BIOL 5974 HISTOLOGY**
A study of the microanatomy and functional aspects of normal animal tissues. By Signature Only. **Corequisite:** BIOL-5974L. **Prerequisite:** Admission to Graduate Program.

**BIOLOGY CREDIT FOR SUMMER ACTIVITIES**
Students who attend summer courses at the Gulf Coast Marine Research Laboratory (with which SWOSU is affiliated), the University of Oklahoma Biological Station, or other institutions of higher education, may be able to use those courses toward their biology degree. Likewise, students may earn college credit for some summer research positions and internships. Students who are considering such courses should meet with the Department Chair, prior to enrolling, to determine if these courses may be used toward their degree.

**Department of Chemistry and Physics**

**Chemistry**

**CHEM 5001-4 INDIVIDUAL STUDY IN CHEMISTRY**
Individual study of specified topic for graduate students. Credit one to four semester hours. D

**CHEM 5011-4SEMINAR IN CHEMISTRY (TOPIC)**
Group study of specified topic for graduate students. Credit one to four semester hours. **Prerequisite:** Admission to the Graduate Program. D

**CHEM 5052 BASIC TOPICS IN CHEMISTRY**
A course for secondary school teachers on the fundamental principles of chemistry. Selected topics are studied in considerable depth. **Prerequisite:** Admission to the Graduate Program. D

**CHEM 5124 BIOCHEMISTRY**
An introductory course involving the study of the physical and chemical properties of compounds associated with the chemistry of life processes.
and an introduction to metabolism, especially carbohydrate degradation and nucleic acid and protein biosynthesis. **Corequisite:** CHEM-5124L. **Prerequisite:** Admission to Graduate Program.

**CHEM 5673 ADVANCED METABOLISM**
Advanced Metabolism provides an in-depth study of the pathways and related metabolic disorders associated with the catabolism and anabolism of carbohydrates, amino acids, lipids, and nucleotides. The course will specifically focus on the mechanisms, energetics, regulation, and coordination of the following metabolic pathways: glycolysis; the pentose phosphate pathway; the citric acid cycle; B-oxidation of fatty acids; ketone body formation; amino acid oxidation and the urea cycle; oxidative phosphorylation; carbohydrate biosynthesis; lipid biosynthesis; and nitrogen metabolism in the biosynthesis of amino acids and nucleotides. **Prerequisite:** CHEM-4124 and Admission to Graduate Program.

**PHYSICS**

**PHY 5000-4 INDIVIDUAL STUDY IN PHYSICS**
Individual study of specified topic in Physics for graduate students. Credit 1 to 4 semester hours.

**PHY 5010-4 PHYSICS SEMINAR**
Group study of specified topic in physics for graduate students. Credit 1 to 4 semester hours. **Prerequisite:** Admission to the graduate program.

**SCIENCE FOR ELEMENTARY TEACHERS**

**SCI 5001-4 INDIVIDUAL STUDY IN SCIENCE**
Individual study of specified topic for graduate students. Credit one to four semester hours. D

**SCI 5010-4 SCIENCE SEMINAR (TOPIC)**
Group study of a specified topic in science education for graduate students. Credit: One to four semester hours.

**Department of Language and Literature**

**English**

**ENGL 5001-4 INDIVIDUAL STUDY IN ENGLISH (TOPIC)**
Individual study of specified topic for graduate students. Credit one to four semester hours. **Prerequisite:** Admission to the Graduate Program. D

**ENGL 5011-4 SEMINAR IN ENGLISH (TOPIC)**
Group study of specified topic for graduate students. Credit one to four semester hours. **Prerequisite:** Admission to the Graduate Program. D

**Literature**

**Department of Mathematics**

**MATH 5001-4 INDIVIDUAL STUDY IN MATHEMATICS (TOPIC)**
Independent study of specified topic in mathematics for graduate students. Credit one to four semester hours. **Prerequisite:** Admission to the Graduate Program. D

**MATH 5013 SEMINAR IN MATH**
Group study of specific topic in mathematics for graduate students. Credit 1 to 4 semester hours. D

**MATH 5453 MATHEMATICAL STATISTICS**
Classical probability theory, discrete and continuous random variables and their probability distributions, properties of expectation, moment generating functions, sampling distributions and the central limit theorem are some of the topics. **Prerequisite:** MATH 2834. FO

**MATH 5473 INTRODUCTION TO PROBABILITY**
Basic concepts of discrete probability are discussed, such as counting techniques, independence, conditional probability, Bayes' Rule, random variables, random walks, and Markov chains. **Prerequisite:** MATH 2834. SO

**MATH 5612 LINEAR ALGEBRA FOR SECONDARY SCHOOLS**
Understanding of the techniques of matrix algebra in the solutions of systems of linear equations and elementary transformations. **Prerequisite:** Admission to the Graduate Program and MATH 2834. D

**MATH 5632 ABSTRACT ALGEBRA FOR SECONDARY SCHOOLS**
Understanding of the algebraic concepts of homomorphism, isomorphism, decomposition and operators. **Prerequisites:** MATH 3834 and admission to the Graduate Program. D

**MATH 5712 CURRENT TRENDS IN SECONDARY SCHOOL GEOMETRY**
Modern teaching techniques of secondary school geometry. **Prerequisite:** MATH 2834 and Admission to the Graduate Program. D

**MATH 5753 INTRODUCTION TO METRIC AND NON-METRIC GEOMETRY**
Undefined terms, definitions, postulates, and theorems of a logical system, and Euclidean geometry. Introduction to coordinate and vector geometries. **Prerequisite:** Admission to the graduate program. D

**MATH 5812 REAL NUMBERS**
The development of the real numbers. Peano's Postulates, natural numbers, relations, integers, rational numbers, real numbers, and extensions of the real number field. **Prerequisites:** MATH 2834 and admission to the Graduate Program. D

**Department of Music**

All required courses for the M. M. and M. Ed. degrees are offered according to three (3) year rotation schedule. These courses have been marked with an asterisk (*). Please consult the **Graduate Course Offering Schedule** on the Music Department website.

**MUSIC 5001-4 INDIVIDUAL STUDY IN MUSIC (TOPIC)**
Independent study of a specific topic in music for graduate students. Credit one to four semester hours. **Prerequisite:** Admission to the Graduate Program. D

**MUSIC 5011-4 SEMINAR IN VOCAL MUSIC**
Group study of specified topic in vocal or instrumental music for graduate students. Credit one to four semester hours.

**MUSIC 5011-4 SEMINAR IN INSTRUMENTAL MUSIC (TOPIC)**
Group study of a specified topic in instrumental music for graduate students. Credit one to four semester hours. **Prerequisite:** Admission to the Graduate Program. D
**MUSIC 5100 FINAL COMPREHENSIVE EXAMINATION**
The final comprehensive examination for graduate students in music. Enrollment by permission of the chair. F, S, SU

**MUSIC 5102 FORMS AND ANALYSIS**
A course which provides the basic tools for the analysis of music from any style period. Emphasis of study is upon forms developed by common practice in western music from 1700 to the present. **Prerequisite:** MUSIC 1314. *

**MUSIC 5112 INTRODUCTION TO MUSIC RESEARCH**
An introduction to the techniques of research and writing in the various sub-specialties of music and music education. *

**MUSIC 5122 MASTER'S THESIS**
An elective research document for students in the Master of Music program. Enrollment by permission of the Department of Music Graduate Coordinator.

**MUSIC 5141 SEMINAR IN MUSIC THERAPY: CLINICAL SUPERVISION**
Group study on skills in music therapy clinical supervision to partially meet the AMTA Advanced Competencies in Clinical Practice, College/University Teaching and Professional Development, including identifying the clinical concerns proactively communicating the concerns, effectively evaluating students' progress, and strategically designing and implementing action plan to help students reach clinical objectives. **Prerequisite:** Admission to Graduate Program and completion of 1200 hours Clinical Experience. F, S

**MUSIC 5153 ADVANCED THEORETICAL ORIENTATIONS & CLINICAL TECHNIQUES IN MUSIC THERAPY**
Advanced studies on theoretical orientations in music therapy and clinical techniques associated with each theoretical orientation appropriate for different diagnoses, age groups, and clinical settings to meet the AMTA Advanced Competencies in Theory, Clinical Practice, Research and Professional Development. **Prerequisite:** Admission to Graduate Program and Completion of 1200 hour Clinical Experience. F

**MUSIC 5172 MUSIC OF THE BAROQUE**
A study of musical styles of the seventeenth and early eighteenth century. *

**MUSIC 5221 ADVANCED FIELD STUDIES**
Advanced clinical experiences to meet the AMTA Advanced Competencies in Professional Practice, and Professional Development: applying theories and associated techniques into practice, developing treatments for emerging clienteles, and translating the clinical results into a meaningful research hypothesis/employing appropriate research design to examine the clinical results following ethical guidelines. **Prerequisite:** admission to Graduate Program and completion of 1200 hour Clinical Experience. F, S, SS

**MUSIC 5233 HISTORY & CONTEMPORARY GLOBAL/CULTURAL ISSUES IN MUSIC THERAPY**
Advanced survey to meet the AMTA Advanced Competencies in Theory and Professional Development via the review of music for healings in various historical eras and cultures, music therapy development as a profession in different political and cultural entities, and the challenges as well as promise of music therapy in a global context. **Prerequisite:** MUS 3181, SO

**MUSIC 5243 ADVANCED STUDIES IN MUSIC THERAPY AND ADULTS**
Advanced studies on the implementation and research of music therapy treatments to address diagnoses, classifications, and other clinical conditions related to adults, fulfilling the AMTA Advanced Competencies in Professional Practice: Theory, Clinical Practice, University/College Teaching, Research, and Professional Development. **Prerequisite:** Admission to Graduate Program and completion of 1200 hour Clinical Experience. FE

**MUSIC 5252 INSTRUMENTAL PROBLEMS**
An advanced study of teaching techniques for the various instruments of the band and orchestra. **Prerequisite:** Admission to the Graduate Program. *

**MUSIC 5263 LEGISLATIVE & BUSINESS ISSUES IN MUSIC THERAPY PRACTICES**
A preparatory class to address the AMTA Advanced Competencies in all areas by (1) surveying the legislative actions related to music therapy certification, licensures, service provision, and insurance coverage/reimbursement in the US and international communities, and (2) business skills required to initiate and expend the music therapy practice. **Prerequisite:** MUS 3181, D

**MUSIC 5273 ADVANCED MUSIC THERAPY IMPROVISATIONS AND SONG WRITING**
A music making class detailing techniques for clinically appropriate compositions and improvisational experience to address AMTA Advanced Competencies in Clinical Practice and Professional Development. **Prerequisite:** MUS 4011, D

**MUSIC 5283 QUALITATIVE & QUANTITATIVE RESEARCH IN MUSIC THERAPY**
An advanced research class to further extend skills in the research development of descriptive, historical, philosophical, applied behavioral and experimental studies incorporating qualitative and quantitative methods, including the utilization of statistical analysis software for fulfilling the AMTA Advanced Competencies in Theory, Clinical Practice, Research and Professional Development. **Prerequisite:** Admission to Graduate Program and completion of 1200 hour Clinical Experience. SE

**MUSIC 5302 MUSIC PROGRAM ADMINISTRATION**
The study of administrative procedures of the public school, university, or professional music directors. **Prerequisite:** Admission to the Graduate Program. *

**MUSIC 5352 MARCHING BAND TECHNIQUES**
Study of techniques and styles for marching bands, including pageantry, precision drill, dance steps and parade. **Prerequisite:** Admission to the Graduate Program. *

**MUSIC 5362 TOPICS IN JAZZ HISTORY**
**MUSIC 5402 SEMINAR IN ADVANCED INDIVIDUAL INSTRUMENTAL TECHNIQUES**
The advanced study of techniques of arranging for the marching band. **Prerequisite:** Admission to the Graduate Program. *

**MUSIC 5423 ADVANCED STUDIES IN MUSIC THERAPY AND ADULTS**
An advanced study of teaching techniques for the various instruments of the band and orchestra. **Prerequisite:** Admission to the Graduate Program. *

**MUSIC 5432 ADVANCED INSTRUMENTAL LITERATURE**
An advanced study of music literature written for instrumental ensembles. The review will include music for solo winds and full band. **Prerequisite:** Admission to the Graduate Program. *

**MUSIC 5512 ADVANCED VOCAL METHODS**
An advanced and detailed study of the various approaches to teaching solo and ensemble singing, with review of music literature suitable for secondary level students in the public schools. **Prerequisite:** Admission to the Graduate Program. *
MUSIC 5542 ADVANCED CHORAL LITERATURE AND SCORE STUDIES
A study of criteria for the evaluation and selection of choral music including the review of a variety of choral music. Prerequisite: Admission to the Graduate Program. *

MUSIC 5572 CHORAL ARRANGING
A study of the problems and techniques of voice leading and sonority in arranging music for the various choral music ensembles. Prerequisite: Admission to the Graduate Program. D

MUSIC 5652 MUSIC OF RENAISSANCE

MUSIC 5702 MUSIC OF THE CLASSIC ERA
Western musical style and literature from 1720 to 1820. *

MUSIC 5752 MUSIC OF THE ROMANTIC ERA
A survey of the development of western musical forms and styles from 1820 to 1920. *

MUSIC 5762 ADVANCED CONDUCTING
The study and analysis of problems and procedures connected with conducting ensembles of all kinds. Emphasis is on problems of technique and communication. Prerequisite: Admission to the Graduate Program. *

MUSIC 5782 LANGUAGE DICTION
Detailed study of the pronunciation of Latin, Italian, French, and German as they apply in both speech and singing. Prerequisite: Admission to the Graduate Program. *

MUSIC 5802 MUSIC OF THE TWENTIETH CENTURY
Musical styles and literature from 1880 to the present. D

MUSIC 5882 FOUNDATIONS OF MUSIC EDUCATION
A survey of the various specialties within music education, and a detailed study of the various philosophies and rationales which support music programs in public schools and universities. Prerequisite: Admission to the Graduate Program. SO

MUSIC 5971 GRADUATE RECITAL
A public recital elective for students in the Master of Music in Music Education degree. Enrollment by permission of applied music teacher. F, S, SU

MUSIC 5972 GRADUATE RECITAL
A public recital required of students in the Master of Music in Performance degree. Enrollment by permission of Graduate Committee, after completing a successful recital hearing. F, S, SU

MUSIC 5982 THESIS
A required document in a form of thesis or clinical portfolio to partially fulfill the Master of Music in Music Therapy. Prerequisite: Completion of Curricular Requirements for MM in Music Therapy and Passing the Comprehensive Examination for Master of Music in Music Therapy. F, S, SS

MUSIC INDIVIDUAL MUSIC LESSONS (APPLIED MUSIC)
Individual lessons in piano, voice, organ, guitar, or any of the orchestral instruments. Students enrolled in one hour's credit will receive twenty-five minutes of instruction each week. Students enrolled in two hour's credit will receive fifty minutes of instruction each week. All enrollments by signature from the chair of the music department. Enrollment in individual lessons is by permission of the department. Non-majors may apply for individual lessons, but music majors, minors, and endorsement students in good standing hold a higher priority for teacher assignment. F, S, SU

Department of Social Sciences

Criminal Justice

CRMJ 5163 SOCIOLOGY OF DEVIAN AND CRIMINAL JUSTICE
A general study of causes, effects and the nature of deviant behavior; special attention is given to criminal behavior as a type of deviance. F

CRMJ 5243 COMPARATIVE CRIMINAL JUSTICE SYSTEMS
A trans-national study of criminal justice systems focusing on law enforcement, adjudication, and corrections for comparison with U.S. system. S

CRMJ 5353 THE CRIMINAL MIND
This course will explore the mind of those who commit criminal acts and attempt to understand their motives, backgrounds, and psyches. Additional topics discussed in the course will include the mind of the murderer, the stalker, the terrorist, the sex offender, the rapist, and the cyber stalker. D

CRMJ 5523 CRIMINOLOGY
The study of the etiology, classification, social control and theoretical analysis of criminal behavior. D

CRMJ 5803 PRIVATIZATION OF CRIMINAL JUSTICE
A study of the historical and contemporary involvement of citizens and business and industry (i.e., non-government) in law enforcement, investigation, security, surveillance, detention, corrections, and treatment. D

CRMJ 5912 SEMINAR IN CRIMINAL JUSTICE
Intensive study on selected topic in criminal justice. May be repeated with change of subject. D

CRMJ 5913 SEMINAR IN CRIMINAL JUSTICE
Intensive study on selected topic in Criminal Justice. D

CRMJ 5103 JUVENILE JUSTICE
The study of delinquency and agencies of delinquency control; juvenile courts, probation, institutions and community organizations. S

CRMJ 5143 CRITICAL ISSUES IN CRIMINAL JUSTICE
Analysis of selected critical issues facing the criminal justice system. D

CRMJ 5153 U.S. CORRECTIONS
A study of corrective social responses to adult criminal behavior; focuses largely on the process of institutionalization, along with alternative treatment strategies. F

CRMJ 5333 VICTIMOLOGY
A sociological analysis of victimization, the social response to victimization, and the victim movement. D

CRMJ 5903 DIRECTED READINGS IN CRIMINAL JUSTICE
Scope of project determined by instructor. May be repeated for a total of 6 hours. Permission required. D

Economics

ECONO 5653 ADVANCED MANAGERIAL ECONOMICS
An advanced application of economic analysis and theory to the decision-making process which faces the manager. Topics covered include consumer and business firm behavior; demand theory; production; cost analysis; market structure pricing. S

ECONO 5763 ADVANCED BUSINESS STATISTICS
Analysis, summarization, and interpretation of data for use in decision-making. Includes the study of analysis of variance, linear regression and correlation, multiple regression and correlation analysis, nonparametric
methods, time series, chi-square applications, and index numbers. Emphasis will be on problem solving and analysis using actual business data. F

History

HIST 5011-4 SEMINAR IN HISTORY
Intensive study on selected topic in history. Credit from one to four hours. May be repeated with change of subject for total of 12 hours. D

HIST 5023 COLONIAL AMERICA: 1492-1765
A study of the European Colonies north of Mexico from earliest European exploration to the victory of the British in the Wars for North American Empire. D

HIST 5033 REVOLUTIONARY AMERICA: 1765-1808
Study of the revolutionary process in the British colonies and the Revolutionary War, the creation of the 1st American Republic under the Articles of Confederation and a 2nd under the Constitution, the revolution 1800 and the stabilization of the republic in the presidency of Thomas Jefferson. D

HIST 5043 EARLY MODERN EUROPE
History of European states from the late medieval period to the outbreak of the French Revolution. D

HIST 5063 HISTORY OF IRELAND
A history of Ireland with an emphasis on the period since the 17th century. D

HIST 5053 CIVIL WAR AND RECONSTRUCTION: 1850-1877
Causes of Civil War, forming of Southern Confederacy, major events of war, political, economic, and social problems associated with restoration of the union. S

HIST 5073 20th CENTURY AMERICA: 1915-1950
The 1920’s, Depression and New Deal, WWII, Cold War, Korea, and McCarthyism. D

HIST 5083 NATIONALISM AND ETHNICITY
An examination of the theories of national and ethnic community, and the violent application of such theories in 19th and 20th century Europe. D

HIST 5103 MEDIEVAL ENGLAND
Intensive examination of English history from the Anglo-Saxon era through the reign of King John with an emphasis on the detailed study of chronicles, laws, and other primary sources. F

HIST 5113 TUDOR ENGLAND
A study of selected topics from the history of 16th century England. D

HIST 5123 AMERICA IN THE 1950s AND 1960s
The study of the "liberal decade" including the administrations of Eisenhower, Kennedy, Johnson, Nixon, as well as King, Civil Rights, Vietnam, 1968, and the counterculture. D

HIST 5133 WOMEN IN AMERICAN HISTORY
The changing role of women in American society from colonial times to the present. Emphasis on cultural values and attitudes, the suffrage movement, feminism and antifeminism in the 20th century as well as the contemporary economic, legal, political, social, and intellectual issues facing women today. D

HIST 5143 NEW NATION AND AGE OF JACKSON: 1808-1850
America from the Age of Good Feeling through the Age of Jackson including the War of 1812, the second Great Awakening, the rise of social reform movements, the rise and decline of the second party system and developing tensions between nationalism and sectionalism. D

HIST 5153 WORLD WAR I
An examination of the origins, course, and consequences of the Great War. D

HIST 5163 GILDED AGE/PROGRESSIVE ERA
Study of the transformation of America from rural society "isolated" from world affairs into highly industrialized power. Social change will be stressed. D

HIST 5173 HISTORY OF IDEAS
This course uses a seminar method to examine some of the influential texts and ideas of the modern age. Beginning with great humanist texts and working through writings of Marx, Freud, and others, students will use a Socratic method to examine primary sources. D

HIST 5183 AMERICA SINCE 1970

HIST 5193 THE EUROPEAN UNION
This course adopts a lively, interactive approach to study of the European Union, its institutions, member states, historical and legal background, and current issues. Students participate in debates, presentations, and a "Model EU". D

It emphasizes the complexities involved in making foreign policy by focusing on the major themes, personalities, and events that shaped the nation's status as a world power. D

HIST 5503 EARLY CHRISTIAN THOUGHT
A historical introduction to early Christian writings and the development of Christian doctrine during Christianity's first centuries. D

HIST 5603 20TH CENTURY WORLD HISTORY
A history of the 20th century and the early years of the new millennium. The emphasis will be on traditionally non-western nations and regions such as China, Japan, India, Russia, and Africa. The role of the United States and Europe in this period will also be examined. D

HIST 5703 OLD SOUTH
Study of antebellum South. Emphasis on role which South and Southerners played in national affairs and development of southern societal characteristics. S, D

Political Science

POLSC 5003 FEDERAL CONSTITUTION
Decisions through which the Supreme Court has developed judicial review and defined the scope of federal power. Prerequisite: POLSC 1103. F

POLSC 5013 SEMINAR IN POLITICAL SCIENCE (TOPIC)
Intensive study on selected topic in Political Science. May be repeated with change of subject for a total of 12 hours. Prerequisite: POLSC 1103. D

POLSC 5033 POLITICAL PARTIES
Survey of the origin and development of the parties of the United States including an analysis of contemporary policies and issues. Prerequisite: POLSC 1103. S

POLSC 5113 POLITICAL THEORY
Examines classic and current views on the nature of authority, liberty, and justice. Prerequisite: POLSC 1103. F

POLSC 5163 PRINCIPLES OF INTERNATIONAL RELATIONS
Basic survey of international relations, including a consideration of the basis of national power and the fundamentals of international politics, law, and organization. Prerequisite: POLSC 1103. D

POLSC 5233 STATE AND LOCAL GOVERNMENT
An exploration of Oklahoma’s political journey to statehood, state-federal relations, and local and tribal relations. Prerequisite: POLSC 1103. D

POLSC 5253 INTERNATIONAL LAW
An analysis of international organizations, international courts, issues of sovereignty, diplomatic relations, treaties, human rights, economic policies, and when the use of force is justified. The course will review cases from the United States Supreme Court, the International Court of Justice and other courts throughout the world. Prerequisite: POLSC 1103. D

POLSC 5323 LEGISLATIVE-EXECUTIVE RELATIONS
The study of the organization and functioning of Congress and the Executive Branch. Prerequisite: POLSC 1103. F

POLSC 5303 INTERNATIONAL ORGANIZATIONS
Development and operation of international organizations from League of Nations to present, with emphasis on UN but including regional and nongovernmental organizations. Prerequisite: POLSC 1103. D

POLSC 5343 THE ROAD TO EQUALITY
This course examines the political struggles of disenfranchised groups, primarily in the United States, focusing on race, gender, and class. Primary and secondary readings will concentrate on civil rights and the struggle for equal participation in employment, education, and other political and social institutions. Prerequisite: POLSC 1103. D

POLSC 5353 MODEL UNITED NATIONS I
Inform students about the United Nations system; consideration of the political, social, economic, and environmental issues, as well as disarmament and other issues within the international community. Participation in the Midwest Model United Nations is required. Prerequisite: POLSC 1103. F

POLSC 5363 PUBLIC ADMINISTRATION THEORY AND PRACTICE
Introduction to principles and problems of public administration, organization, planning, supervision, budgeting, and administration responsibility. Prerequisite: POLSC 1103. D

POLSC 5373 MODEL UNITED NATIONS II
Along with Model United Nations I, explores the United Nations in action, represents different nations at the Midwest Model United Nations and hosts SWOSU Model United Nations. Prerequisite: POLSC 1103 and POLSC 3353. SE

POLSC 5403 PUBLIC POLICY FORMATION
A survey of the development and administration of public policy. Prerequisite: POLSC 1103. D

POLSC 5613 CIVIL RIGHTS AND LIBERTIES
Limitations placed on federal and state governments by the Constitution. Emphasizes First Amendment freedoms and the Fourteenth Amendment. Prerequisite: POLSC 1103. S

POLSC 5903 DIRECTED READINGS IN POLITICAL SCIENCE (TOPIC)
Scope of project determined by instructor. May be repeated for a total of six hours. Permission required. D

Social Sciences

SOCSC 5011-3 SEMINAR IN SOCIAL SCIENCES
Group study of specified topics for graduate students. Credit one to four hours.

SOCSC 5133 TEACHERS COURSE IN THE SOCIAL SCIENCES
Resources, methods and problems in teaching the social sciences in secondary schools. Required for certification in this field. F

SOCSC 5853 STATISTICS FOR THE SOCIAL SCIENCES
Introduction to statistical methods in the social sciences. Emphasis on analyzing and presenting data utilized by social scientists; survey of descriptive techniques. F, S

SOCSC 5863 FUNDAMENTALS OF RESEARCH
Use of scientific method in social science research. PREREQUISITE: SOCSC 3853. S

Sociology

SOCIO 5013 SEMINAR IN SOCIOLOGY
Intensive study on selected topic in Sociology. D

SOCIO 5033 ADVANCED ANALYSIS OF SOCIAL PROBLEMS

86
Contemporary U.S.A. and international social problems are examined through use of contemporary sociological theories. (The course is designed to give an in-depth understanding of a structural approach to a changing social milieu. D

SOCIO 5043 RACIAL AND CULTURAL MINORITIES
An interdisciplinary examination of the causes and consequences of prejudice and discrimination. D

SOCIO 5163 SOCIOLOGY OF DEVIANT AND CRIMINAL BEHAVIOR
A general study of the causes, effects and the nature of deviant behavior; special attention is given to criminal behavior as a type of deviance. F
College of Professional and Graduate Studies

School of Nursing and Allied Health Sciences

Allied Health

ALHLT 5000-4 INDIVIDUAL STUDY IN ALLIED HEALTH
These courses provide the opportunity for the student to become involved in research activities. The student is given the opportunity to participate in an area of personal interest or an area selected by the faculty. Sound research design and data collection and interpretation are emphasized. The overall objective of the activity is to make it a learning activity which benefits the student.

ALHLT 5143 HEALTH STATISTICS
Intended for graduate students in health sciences, and not majoring in statistics. Applies statistical techniques and methodologies to health-related questions. Develop skill sets to make appropriate inferences from the data relative to chance, make valid estimates of population parameters, and determine which statistical technique should be used in a valid and feasible manner to maximize information obtained from scientific studies. Be able to read and understand statistics in research literature. Develop coding skills in order to apply statistical methodologies to data sets. Online, F, S

ALHLT 5293 EPIDEMIOLOGY
Intended for graduate students in health sciences, and not majoring in epidemiology. Provides an in-depth introduction to the epidemiologic perspective on health and disease. Focus is on the principles and methods used to describe and evaluate patterns of illness/injury/disease in communities and populations. Methods and research designs are presented. Students will develop skill sets to review and assess epidemiologic peer-reviewed scientific journal articles. Navigating and understanding the IRB process will also be covered and students will be expected to develop an epidemiologic study. Online, F, S, SU

The School of Nursing and Allied Health Sciences offers the MHIM program and Master’s in Nursing as on-line degree programs with no on-campus component. Students utilize SWOSU’s course management system via the Internet to attend classes, complete assignments, and interact with classmates and faculty members. Full-time or part-time attendance is available to students so that they may continue to work full-time and complete the programs.

The School of Nursing and Allied Health Sciences has collaborated with the Everett Dobson School of Business and Technology to offer an area of specialization in Healthcare Informatics for the Master of Science Degree in Management. Certain Health Information Management (HIM) courses below provide the potential for expanded graduate level opportunities culminating in a Master of Science in Management with the option of Healthcare Informatics.

Health Information Management
Professional Health Information Management Courses

HIM 5011-4 SEMINAR IN HIM
Group study of a specified topic in Health Information Management for the graduate HIM student.

HIM 5223 ADVANCED ELECTRONIC HEALTH RECORDS

This course is designed for graduate students interested or currently involved in EHRs. Graduate students will achieve a general understanding of the importance of EHRs in this course. The EHR is the “bridge to everywhere.” Not only does it bridge disparate information systems, it also bridges the process of healthcare from departmental islands to the view of an institution of multiple institutions. Graduate students must complete a graduate project throughout the semester. Two hours of lecture per week. Corequisite: HIM 523L. Prerequisite: HIM 3122 only offered in Spring. Online, F

HIM 5233 CORPORATE COMPLIANCE AND QUALITY DATA MANAGEMENT IN HEALTHCARE
Course explains the growing need to adequately train healthcare leaders in the field of compliance. In today’s fast-paced healthcare world, employees face new information, increased responsibilities and rapidly changing technology. In order to sort through and adapt to it all, while maintaining high levels of performance, employees must capitalize on valuable resources. The course addresses both the managerial and quality data aspects of corporate compliance. Students receive the knowledge and skills necessary to understand how a formal compliance program is implemented at a healthcare facility. Online, F

HIM 5243 HEALTHCARE INFORMATICS RESEARCH METHODS
This course provides an in-depth perspective for research in health informatics with distinct discussion of research and design methods particularly relevant to the healthcare field. Methods will focus on research questions, development, data collection, and statistical approaches that translate data to information. This course includes grant writing process, as well as the organization and management of research protocol of health related data. Students with background knowledge in Epidemiology and Health Statistics would be beneficial, but these are not required. Prerequisites. Online, F, S

HIM 5253 LEGAL AND PRIVACY ISSUES IN HEALTH INFORMATICS
This course will review the legal and privacy issues related to healthcare informatics. As the healthcare industry adopts information technologies to provide fast, efficient and cost effective healthcare, ethical, legal and privacy issues will arise. These must be addressed and properly understood. Course work will be used to discuss the importance of understanding the legal health record within a healthcare facility. Students will learn about concepts related to: E-HIM, legal EHR, E-Discovery, and litigation response planning. Online, SU

HIM 5263 HEALTHCARE VOCABULARIES & CLINICAL TERMINOLOGIES
Develop an understanding of how clinical data is represented through medical vocabularies and clinical classifications. Emphasis will be on learning and understanding standard clinical technologies, including the appropriate use and application within various health information systems in order to enhance communication across the healthcare industry. Online, F

HIM 5273 DATA INTEGRITY, DATA MINING AND HEALTHCARE DATA WAREHOUSING
Develop an understanding of cost-effective ways to achieve consolidated views of healthcare enterprises and the trends affecting it; the process of extracting information from a database; quantifying and filtering discrete, structured data and the process associated with the representation of data in electronic systems. Online, SU

HIM 5283 HEALTHCARE DECISION SUPPORT SYSTEMS
HIM 5293 LEADERSHIP FOR THE HEALTHCARE PROFESSIONAL
This course combines the classical knowledge of leadership theory with the best practices and outcomes associated with the skills and applications practiced by healthcare leaders. Emphasis will be on developing a systems-based way of thinking about leadership, understanding how individuals function in the healthcare workplace; self-assess leadership thinking and behavior, and establish goals for leading people and managing resources into the future. Online

HIM 5303 PROJECT, FINANCIAL, IT MANAGEMENT IN HEALTHCARE
Overview of financial and IT project management techniques and tools as they apply to healthcare operations, projects and programs. This includes: Developing a vision as to how the project fits into the overall business of the healthcare organization, communicating the goals and objectives clearly to others, creating a sound action plan, monitoring process and making changes, and obtaining commitment from all involved. The importance of credit, the time value of money, and learn to develop a long-range financial plan that supports an organization’s strategic plan will also be discussed. Online, S

HIM 5323 IT ETHICS AND SECURITY
This course examines ways information technology challenges traditional ethical, legal and social concepts. Security threats and their corresponding policies are explored within this ethical context. Students will analyze different security risks and how security policies benefit and harm various stakeholders. Online, F

HIM 5323 HEALTHCARE STRATEGIC PLANNING
This course focuses on the role of strategic thinking and planning within a healthcare organization. Emphasis will be placed on learning the strategic planning process, including developing and implementing the mission, vision, goals and objectives. Students will analyze different healthcare provider, payer, and consumer markets, and assess how each impacts the viability of a strategic plan. Focused areas will be on strategic planning, and leading and managing change for success in turbulent times. The course centers on the theme that healthcare is going through rapid changes and uncertainty and innovation is an expected reality in healthcare. Online, S

HIM 5343 GRADUATE RESEARCH PROPOSAL
Student must have completed the graduate research course prior to admission into this course. A graduate research assistant will be assigned to review the graduate research proposal which must be original research in the area of health information management, information systems and/or health informatics. This course will take the student through the proposal editing process to the final phase of the proposal, including final submission and publication. Prerequisite: HIM 5363.
Online F, S, SU

HIM 5353 GRADUATE RESEARCH
The graduate research proposal starts with this course, graduate research. The student will learn and practice methods of project research and writing. The student will develop a draft research proposal and benchmark the proposed project against existing applications in the health information management field. Student will select a topic to research, develop a problem definition/problem statement and the rationale for the selected applied project develop a literature review, and define a design/solution model for the research. Online F, S, SU

HIM 5363 CAPSTONE PROJECT
Working with an assigned capstone project advisor, the student completes a rigorous project focused on a real-world health information management project and prepares a project report to be submitted to the department for final approval. The goal of the capstone project is to increase students’ problem solving methods and cognitive sophistication through an activity that requires reading, thinking, and writing to only further the student’s education, and make a meaningful contribution to HIM practice. Oral and written reports are required, including an oral presentation and defense of project. Online F, S, SU

HIM 5373 PROFESSIONAL PRACTICE EXPERIENCE
The Professional Practice Experience (PPE) will require 160 onsite hours in the areas of health information management, health informatics or health information systems. The student will observe and experience day-to-day HIM management and leadership operations, provide documentation and/or recommendations in workflow and complete special graduate projects with supervision. Online F, S, SU

Nursing

NURS 5023 : NURSE AS SCHOLAR
Students evaluate and apply research to nursing practice, developing an evidence-based practice approach. Skills in quantitative reasoning and statistics are strengthened by a critical review of research design and statistical data. Best practices are discovered from a systematic application of current research to health care scenarios and delivery systems with a goal of improving patient outcomes and increasing safety. Prerequisites: admission to SWOSU MSN program.

NURS 5033 GLOBAL HEALTH AND ADVANCED PRACTICE NURSING
Emphasizes global health concerns and equips students with tools to navigate and serve as a caring advocate in the world of international/global health. Focuses on interdisciplinary care, global health care, poverty, and health indicators. Prerequisite: NURS 5023

NURS 5043 TRANSITION TO ADVANCED PRACTICE ROLES
Students explore organizational and systems leadership and challenges to effective leadership, including leadership strategies and decision-making at both the practice-level and systems-level of nursing. Emphasis is placed on the role of advanced-practice nurses in improving quality and cost-effectiveness of care with sensitivity to a variety of organizational cultures and populations. Prerequisite: NURS 5023

NURS 5053 QUALITY IMPROVEMENT, SAFETY, AND ETHICS
Applying an interdisciplinary approach, students focus on continuous quality improvement, emphasizing the relationship among healthcare law, global business, ethics, social responsibility, advocacy, and management within diverse healthcare organizational systems. Prerequisite: NURS 5023

NURS 5063 Information and Healthcare Technology
Students explore an interdisciplinary approach to electronic healthcare delivery. Topics include the professional role of the nurse in relation to information technology and clinical applications such as the use of electronic health records, and the delivery of healthcare information, education, and healthcare reimbursement. Issues of privacy, security, and legality will also be discussed. Prerequisite: NURS 5023

NURS 5073 PRINCIPLES OF NURSING MANAGEMENT
Students analyze the concepts required for effective performance of the nurse administrator’s role in an organization as a function of the total organizational system. Students critique organizational designs and interpersonal relationships within healthcare organizations with an emphasis on quality improvement of outcomes and interpersonal dynamics. Prerequisite: NURS 5023

NURS 5083 BUSINESS COMMUNICATION IN HEALTHCARE
Students explore professional communication: written, oral, and technical. Students apply skills in communication styles such as memos, email, research reports, proposals, presentations, and interviews with a focus on communication with a variety of health care stakeholders, interdisciplinary teams, and healthcare consumers. **Prerequisite:** NURS 5023

**NURS 5093 PERFORMANCE STANDARDS AND PERSONNEL**
Students apply best practices in use of human and financial resources, conflict resolution, and organizational development, including the development, design, measurement, and evaluation of performance standards. **Prerequisite:** NURS 5023

**NURS 5103 HEALTHCARE BUDGETING**
Students analyze the budget process for health care organizations, improving their understanding of the budget process as it applies to health care organizations. Students explore long range planning, operating budgets, capital budgets, fixed and variable costs, zero based budgeting, cost estimation and forecasting, break-even analysis, performance budgeting, flexible budget variance analysis and capital budgeting. A nursing unit’s operating budget is examined in detail. **Prerequisite:** NURS 5023

**NURS 5113 MANAGEMENT PRACTICUM**
This practicum experiences exposes students to the role of the nurse administrator in different settings, allowing students to apply knowledge previously gained in the program to an administrative project. Course includes weekly discussion checkpoints. **Prerequisite:** NURS 5023

**NURS 5123 COACHING AND MENTORING IN NURSING LEADERSHIP**
Students will analyze theories of coaching and mentoring, executive coaching, team coaching, peer coaching, subordinate coaching throughout career phases, and personal career coaching. Multiple models for nurse leadership coaching and mentorship are investigated through learning activities and discussion and the use of case studies. **Prerequisite:** NURS 5023

**NURS 5133 GRANT WRITING, ACADEMIC WRITING, AND PUBLISHING**
This course will guide students in developing strong academic writing skills. Topics include identification of potential grant sources, skills needed to write competitive grant proposals successfully, typical grant components (including a statement of need/rationale, implementation strategies, outcomes, personnel, evaluation, budget, attachments, and an executive summary), the publication process (including peer review), and peer presentations. **Prerequisite:** NURS 5023

**NURS 5143 ONLINE NURSING EDUCATION**
Students apply the tools needed to successfully teach an online course. Strategies are provided to maximize faculty time while ensuring that the learning styles of students are in a student-centered, vibrant online environment. Participants will work individually and collaboratively to explore various means of creating an online learning community. **Prerequisite:** NURS 5023

**NURS 5173 FACILITATING STUDENT LEARNING**
Students apply skills as a nurse educator in this introduction to teaching at the pre-licensure level. Students explore techniques for effective facilitation in the classroom or nursing laboratory setting, including syllabus creation, role modeling and mentoring for students, and developing effective lessons based on identified student learning outcomes and competencies. Students will implement various strategies, technologies, to meet diverse learning styles by designing learner-centered instructional activities and lessons. **Prerequisite:** NURS 5023

**NURS 5183 CLINICAL TEACHING AND EVALUATION**
Students develop professional skills as a clinical nurse educator at the pre-licensure level. Students will learn to work with didactic faculty, ensuring congruence of clinical education with course outcomes, applying evidence-based practice, and developing effective pre- and post-conference activities based on identified learning outcomes and competencies. Topics include evaluating the progress of diverse learners, grading of care plans and other clinical assignments, evaluation of safety, assessment of student achievement of clinical learning objectives, ethical considerations, formative and summative evaluation, and engaging learners with the use of technology. **Prerequisite:** NURS 5023

**NURS 5193 INSTRUCTIONAL DESIGN, CURRICULUM DEVELOPMENT, AND CHALLENGES**
Students evaluate principles of adult learning, curriculum/course planning, and course design. Learners will apply the principles of course design to the development of a course, from the creation of a syllabus to lesson planning to learning activities, to ensure alignment from student learning outcomes to course outcomes to learning and assessment methods. Topics also include faculty roles and responsibilities, scholarship of teaching, leadership in nursing education, diversity, and legal and ethical issues. **Prerequisite:** NURS 5023

**NURS 5203 ASSESSMENT AND EVALUATION IN NURSING EDUCATION**
Students review existing literature on assessment principles and methods. Students apply knowledge to design a variety of formative and summative assessment methods. Students will use case studies to apply knowledge of test construction and item analysis as well as ethical considerations associated with assessment and evaluation. Course content also includes the use and development of rubrics. **Prerequisite:** NURS 5023

**NURS 5213 NURSING EDUCATION PRACTICUM**
This course involves a guided experience project for the classroom, simulation lab, online, or clinical teaching and evaluation, plus an on-line discussion forum. During the practicum, students will apply prior knowledge of instructional methods to the design, implementation, and evaluation of course/class clinical content. Other content includes designing a teaching portfolio and weekly discussion checkpoints. **Prerequisite:** NURS 5023

**NURS 5283 TECHNOLOGY SOLUTIONS FOR HEALTHCARE AND HEALTHCARE INFORMATION**
Students focus on the rapid changes in information technology. The course examines current trends in nursing informatics and technology, including software, hardware, research, economics, healthcare consumer education and interaction, and the need for health information exchanges (HIE), including the data they manage and the services they offer (improvement of health) as well as challenges posed to privacy. **Prerequisite:** NURS 5023

**NURS 5293 CLINICAL INFORMATION SYSTEMS DESIGN, IMPLEMENTATION, AND COMMUNICATION**
Students evaluate the nurse informatician’s role in selecting, implementing, managing, and supporting healthcare information systems in various professional settings. Students evaluate the process of selecting a system, managing a system change, communicating and leading change, securing clinician buy-in, and training staff. Other topics include system security, the evaluation of system performance, and the use of data gathered to guide business and patient care decisions, and regulatory and HIPAA standards related to system design and implementation. **Prerequisite:** NURS 5023

**NURS 5303 HEALTHCARE SYSTEMS DATABASES**
Students evaluate the theory and application of decision modeling in health care. Students will learn and apply skills in probabilistic reasoning, analyzing decisions, presentation of knowledge, and use of rule-based systems. Course content will also include an examination of system architecture as it supports clinical decision-making and the nursing and medical domain standards within information systems. **Prerequisite:** NURS 5023
School of Behavioral Sciences and Education

Counseling

COUN 5000-4 INDIVIDUAL STUDY IN COUNSELING

COUN 5011-4 SEMINAR IN COUNSELING (TOPIC)
Group study of specified topic. One to four credit hours. Prerequisite: By permission only and Admission to Graduate Program.

COUN 5213 COMMUNITY COUNSELING
A course for prospective community counselors designed to investigate the special characteristics and functions of community counseling. Prerequisite: Admission to Graduate Program. SU

COUN 5373 THEORIES/TECHNIQUES OF FAMILY COUNSELING
A survey of family counseling theories and techniques with special emphasis on family relationships, assessment, intervention, and treatment. Prerequisite: Admission to Graduate Program. S

COUN 5423 MULTICULTURAL CONCEPTS
This course is designed to prepare individuals for multicultural competence in a global society. The curriculum will engage students in theoretical, experimental, and research-oriented experiences in order to develop a comprehensive multicultural understanding that will lead to effective and ethical practice. Prerequisite: Admission to Graduate Program. S, F

COUN 5503 DEVELOPMENT OF SCHOOL GUIDANCE PROGRAM
Designed for prospective school counselors to improve interpersonal skills, investigate the characteristics and functions of school counseling and program development. Prerequisite: Admission to Graduate Program. S, SU

COUN 5513 INTRODUCTION TO COUNSELING AND GUIDANCE
Introduction to guidance programs in community counseling centers and the elementary and secondary school as it involves the teacher, counselor, and administrators. F, S, SU

COUN 5523 CAREER COUNSELING
A course designed for counselors, teachers, guidance directors, school assistance, vocational, and life planning and development areas. Course information is oriented relative to educational and world-of-work opportunities including knowledge relative to labor market information & including current and projected economic trends. Prerequisite: Admission to Graduate Program. S, SU

COUN 5543 THEORIES AND TECHNIQUES OF COUNSELING
Designed to teach individual counseling theories and techniques. Application to community and public school counseling programs is stressed. Prerequisite: Admission to Graduate Program. F, S

COUN 5553 THEORIES AND TECHNIQUES OF GROUP COUNSELING
Designed to teach group counseling techniques appropriate to group counseling. Application to agency and public school counseling programs stressed. Prerequisite: Admission to Graduate Program. SU

COUN 5563 PRACTICUM IN COUNSELING
Course includes practical application of knowledge and techniques learned in previous course work to be applied in schools and/or community agency settings. Requires 150 hours of field experience and a grade of "B" or better for successful completion. Prerequisites: Admission to Graduate Program and IPAC approval. F, S

COUN 5593 ADVANCED TESTS AND MEASUREMENTS
A course designed to give educators and counselors advanced understanding of tests and measurement issues, design and development for diagnosis and/or educational purposes. F, S

COUN 5613 INTERNSHIP IN COUNSELING
An organized practicum/internship of 300 clock hours with planned counseling experiences which provide classroom, community and other field experiences for the professional counselor. All experience/activities are under the supervision of college or university approved counseling professionals. Prerequisite: Admission to Graduate Program and IPAC approval. F, S

COUN 5713 CLINICAL SUPERVISION
This course introduces models of counseling supervision. Students will become familiar with the Oklahoma LPC Supervision requirements and be acquainted with the research in counselor training and supervision. Video-recording of individual supervision sessions with practicum/internship students is required. This course fulfills the requirements set forth by the Oklahoma LPC Rules and Regulations as satisfying the requirement for a course in clinical supervision in order to become a LPC supervisor. Fall Only

COUN 5893 ETHICAL, LEGAL AND PROFESSIONAL STANDARDS
An examination of the objectives of professional organizations, codes of ethics, legal aspects of practice, family/school law, standards of preparation and the role identity of persons providing direct counseling or school psychological services. Prerequisite: Admission to Graduate Program. F, S, SU

Educational Psychology

EDPSY 5133 CRISIS INTERVENTION TECHNIQUES
An applied course in the principles and use of crisis intervention techniques within clinical and institutional settings. Prerequisite: Admission to Graduate Program. By signature only. May Intercession

EDPSY 5223 TECHNIQUES OF PSYCHOTHERAPY
Advanced study and application in treatment conceptualization, strategies, and techniques of psychotherapy. Prerequisite: Admission to Graduate Program. By signature only. S, SU

EDPSY 5233 ADVANCED PSYCHOLOGY OF SPORTS
Coverage of basic and advanced topics pertaining to the three areas of Sport Psychology: education, research, and application. The course will be covering information on the relationship between psychological issues and sports and exercise, with an emphasis on improving performance by way of psychological processes. Students will be exposed to research in the field of study. F, S
EDPSY 5422 PRACTICUM IN SCHOOL PSYCHOLOGY
Course includes practical application of knowledge and techniques learned in previous coursework to be applied in school settings. Supervised experiences will include assessment, prevention, counseling, and consultation activities. Requires 150 hours of field experience, and a grade of "B" or better for successful completion. Prerequisites: Admission to Graduate Program and IPAC approval. S

EDPSY 5433 INTRODUCTION TO SCHOOL PSYCHOLOGY
Introduction and orientation to the field of school psychology. Explores roles and functions of school psychologists and current issues pertaining to assessment, education and prevention/intervention. Professional standards in school psychology, the history of school psychology, special services in the schools and legal and ethical issues pertaining to school psychology and special education also are examined. F

EDPSY 5462 PSYCHOMETRICAL SERVICES
A study of the ethics, legal responsibilities, roles, and functions of Psychometrists in multiple settings. Prerequisites: Admission to Graduate Program, Advisor Approval. F, S

EDPSY 5513 INTERNSHIP IN SCHOOL PSYCHOLOGY I
Internship comprises one academic year of field experience in schools under the supervision of university supervisors and a certified/licensed school psychologist who is employed in a school system. Restricted to approved students in the School Psychology program. Prerequisite(s): Completion of required courses in School Psychology and IPAC approval. F

EDPSY 5523 INTERNSHIP IN SCHOOL PSYCHOLOGY II
Internship comprises one academic year of field experience in schools under the supervision of university supervisors and a certified/licensed school psychologist who is employed in a school system. Restricted to approved students in the School Psychology program. Prerequisite(s): Completion of required courses in School Psychology and IPAC approval. S

EDPSY 5563 SPECIAL DIAG METHODS
Study of procedures utilized in a comprehensive evaluation for placement in special education. Students will administer, score, and interpret assessment instruments to determine handicapping conditions. Prerequisite: Admission to Graduate Program and Advisor Approval. S

EDPSY 5613 BINET/WOODCOCK-JOHNSON
Study of the historical development, validation procedures, and test content of the Stanford Binet/Woodcock Johnson Intelligence tests. Students will administer, score, and interpret the Stanford Binet Intelligence Scale-R and the Woodcock Johnson. Prerequisites: Admission to Graduate Program, Advisor Approval. S

EDPSY 5633 ADVANCED ABNORMAL PSYCHOLOGY
An in-depth study of the causes, classifications, diagnosis and treatment of abnormal behavior in adults, adolescents and children. Prerequisite: Admission to Graduate Program. F, S

EDPSY 5653 LANGUAGE DEVELOPMENT
 Covers the general issues and theories pertaining to language development as well as an overview of language and speech disorders. Required major research report and youth observation. S, F

EDPSY 5703 BEHAVIORAL INTERVENTION STRATEGIES
This course provides information about behavioral assessment methods; strategies for increasing the frequency of appropriate behaviors; cognitive behavioral systems of instruction; techniques for reduction of excessive behaviors; legal and ethical issues; and interventions for a variety of problematic behaviors. The student will study the use of behavioral learning theory in instructional design as well as the impact of cultural influences on behavior. Prerequisite: Admission to Graduate Program. F, S, SU

EDPSY 5713 WECHSLER INTELLIGENCE SCALES
Study of the historical development, validation procedures, and test content of the various Wechsler Intelligence Scales. Students will administer, score and interpret the various Wechsler Intelligence scales. Prerequisites: Admission to Graduate Program, Advisor Approval. F

EDPSY 5723 ADVANCED PSYCHOLOGY OF LEARNING
An intensive examination of the learning systems, developmental capability and expectations, and interpretations of human learning as they influence student achievement in the classroom. Major objectives are also directed to competency mastery of the Competencies for Licensure and Certification, the objectives for the Professional Teaching Examination, and objectives for the Competencies for School Administrators as presented by the Oklahoma Commission for Teacher Preparation. Prerequisite: Admission to the Graduate Program. F, S, SU

EDPSY 5743 LIFE SPAN DEVELOPMENT
An examination of the increasingly complex factors which influence overall development of individuals throughout the life span concept. Included in this presentation are psychological foundations, maturational development, learning capability, social adjustment, and career preparation. Prerequisite: Admission to the Graduate Program. F, S, SU

EDPSY 5783 PRACTICUM IN SCHOOL PSYCHOMETRY
Supervised experiences in the administration, scoring and interpretation of individual intelligence scales and other diagnostic assessment/evaluation instruments. Prerequisites: Admission to the Graduate Program, advisor approval.

EDPSY 5813 CONSULTATION AND COLLABORATION
This course introduces the attitudes, concepts and skills of indirect service delivery through consultation and collaborative relationships. Students will develop skills to assist parents, teachers, and other socialization agents to help ameliorate the behavioral, social-emotional and educational problems of children and youth.
